222 Prize Day

# Headmaster Ted Staunton

## The Headmaster's Message

One hundred and seven years has a nice ring to it, don't you think? We are fast approaching our 107th Prize Day, the time of year where we bid the Class of '06 adieu and send them out into the real world to continue to make their mark. Our Grade 12 students are in the final stretch of their St. Andrew's experience, and preparing to depart through our gates on Prize Day, having shared memories that will hopefully last a lifetime.

When our gates were first built in 1926, they symbolized the portal through which students entered St. Andrew's College as young boys and exited as young men. What happens inside these gates is still much the same today; we continue to challenge our students academically, athletically and artistically. We may use different tools, for example, laptops and the internet to achieve these goals, but for the most part the goals have remained the same. If we are doing our job right, our students still graduate through these gates as complete men and well-rounded citizens.

However, beyond our gates Aurora has changed significantly over the past 80 years and we need to factor these changes into the equation. Aurora is no longer a sleepy village, but a fast growing suburban extension of the GTA. Yonge Street is no longer a country road, but a four-lane highway. The rapid growth of York Region has contributed to a significant increase in our day boy market, thereby leading us to widen our gates, in order to welcome more day boys in. We also continue to place safety as a top priority for our students, and successfully convinced York Region to install stop-lights on Yonge Street, at our expense.

Our students continued to amaze the faculty and staff with their endless talents this year. Whether you were on or behind the stage for a brilliant production of *A Midsummer's Night Dream*, or playing in the Jazz Band or a member of the Red Man Group in Cadets in Concert – you continue to make us proud. Examples of your artwork adorn the gallery and impress everyone who walks through our halls. Our Outreach Committee broke all charity fundraising records, raising in excess of \$30,000 to build and furnish a school in Kenya this summer. And of course our athletic teams never cease to deliver true competition and good sportsmanship across our 23 sports, with our 1st Soccer team winning the CAIS Championship, and the Alpine Ski team sweeping OFSAA once again for the third year in a row.

Thanks to all of you who have worked so hard this year in attaining your goals and realizing your abilities. And thanks to all of the students, faculty and staff who make this school what it is, a very special place indeed. It is an honour to be part of this Andrean community. I think you will find this edition of *The Review* does a fine job of encapsulating your memories; memories that I hope will last a lifetime.

-Ted Staunton

School's out, and I sit in front of this computer, with Jeremy Slessor at his station in the Media Arts lab. Jeremy and I are going through each page, proofing and fixing 'links' and emailing coaches and students for missing bits and pieces. It's a long and laborious process, but it needs to be done. Every year the process become a little more complicated, the goals and design a little more advanced. It's a very demanding job and many of the students flourish within the course set up for the production of the Review – TGJ3M. At the same time, others struggle with the high demands, the artistic and technical expectations as well as the real life deadlines. When other students make mistakes on tests, essays or exams, they are marked on them and they move on. When mistakes or pages are incomplete in this course, they need to be fixed and finished, even after a student is flying home at the end of the school year. So as the summer vacation begins for most, the Review 'staff' continues to 'fix & finish' the loose ends. In the end, 'our' Review stands heads and tails above the books produced by our competition, who remain locked into templates, boxes and black and white. As a result, there are many people to thank. First, thanks to Mr. Staunton and the Management Team for allowing me to continue to work in this area and showing support for the program. To the TGJ3M class for all their efforts, large and small. To all the school photographers whom without your cameras and 'good eye' this publication would be very drab. To Lorraine Wilkes and Lou Taskey, thanks as always. Thanks to all those who help identify those last few kids in that team photo – you know who you are! To Jostens and Elaine Turcotte, or helping me through crisis and deadlines. Thanks to Jeremy and Tyler King for giving me your time, after everyone else has left the building.

OK boys, I'm coming home!!  
 SK

This year has certainly been a roller coaster ride for the Prefect body. We have faced many ups and downs, but have withstood them all, and have hopefully helped in the process to make S.A.C. a better place. From our very first gathering at the Prefect Retreat, it was clear that all present were completely dedicated in their service to the school. This sense of duty is what always kept this close-knit group of Andrean brothers unified and effective in their duties throughout the year. This enthusiasm has lasted until our very last days in the post. Homecoming, Semi's, Carol Service, that unforgettable MacPherson night that shook our very foundations, the Dances, Spirit Rallies, our constant efforts to make positive change, and many, many more behind the scenes activities all have contributed to making this year unique. We had a good ride and we thank the entire school for their support and co-operation along the way, especially our advisors: Mr. Shrimpton and Mr. Josselyn. May next year's Prefects continue the long held tradition of devotion and service to this most sacred institution.

## Head Prefect - Nick Leslie

A collage of various student photos. In the background, a group of boys in suits and ties are looking upwards. In the foreground, a boy in a dark shirt and cap has his arms raised. Other students are shown in various poses and outfits, including a boy with a 'HOLLYWOOD 2005' t-shirt, a boy with a red cap, a girl with curly hair and a pearl necklace, and a boy with headphones. The word 'PREFECTS' is written in large, bold, red capital letters inside a red rectangular border with a distressed, hand-painted appearance.

# Homecoming 05' Competition, Fun, Excitement!

Homecoming, a day of fun, excitement and competition for everyone. This years homecoming was held on the Saturday of October 1st. The day began with fun and games for the whole family, with a jump castle, dunk tank, and a "just for fun" jousting area set-up. While family's and teachers where laughing and having fun on the quad with younger students, the sports teams were hard at work. The middle school soccer teams where already competing fiercely on the fields. The U-16 football team was getting ready for their game as varsity football and soccer where mentally preparing for their big bouts beginning at both 1:30 (soccer) and 2:30 (football.)

As the day progressed and people grew closer the old acquaintances, the soccer team began to take the field, bagpipes in the lead. While for one hour the focus was on varsity soccer, it soon switched to the football game; all of the players running down the chapel steps, heads held high, bright white Saints jerseys gleaming in the sun. The players on both teams, opposing squad St Mikes, began to do warm-ups and stretches, and then the game began. For the first half, things did not look to good for the Saints, some plays were strong, while some were just very mediocre. On one of their not so good plays, St. Mikes capitalized, and then again. By the end of the half the Saints were down 11 points, with a score of 14 to 3, field goal kicked by Jon Tozzi. The second half did not seem to get any brighter, it only got worse, and the game finished. St Mikes. 21, Saints 3.

That was the end for the sports day. The students were now ready to take their game faces off, brighten up, and get ready for the night-time fun that lay ahead of them...

# CROSS COUNTRY RUN

## The Cross Country Run

This year the Cross country Run was taken seriously by all S.A.C. students, like always. With the number one spot up for grabs, it was a sprint from the start. It quickly became known that Daniel Kim and Mike Macintosh were the two runners who were out for the win. With the early lead, the two ran head to head for most of the race, with Daniel winning the sprint to the finish. Congrats to everyone who participated, there were rarely people walking. With the threat of extra conditioning by the coaches of most teams, placing in the race became very important! This extra incentive defiantly brought the pace in the race way up! In the Middle School run, Ander Lanzagorta took the nod as race winner. Once again this special event was a highlight in the 2005 year, as it always is. A special thanks to all the volunteers, who had set up the tables of drinks and healthy bars at the end of the race for everyone!

Head Master Staunton, US winner Jared Kim, and past winner Jon Thomson

# Mind Body

THE ANDREAN LIFE COMMITTEE IS A SCHOOL COMMITTEE ORGANISED TO ENCOURAGE COMPETITIVENESS AMONGST CLANS AND HOUSES AND TO BETTER THE WELL BEING OF OUR FELLOW ANDREANS. THE COMMITTEE IS MADE UP OF ONE GRADE REPRESENTATIVE FROM EACH HOUSE AND EACH HEAD OF HOUSE. THIS YEAR, THE COMMITTEE PRESIDENT IS CHRISTIAN KIELLER AND THE VICE-PRESIDENT IS BLAKE MUIR.

THE COMMITTEE HAS BEEN WORKING HARD DURING EVERY MEETING WE HAVE (MONDAYS AT BREAK) TO TRY AND FULFILL OUR MISSION STATEMENT AND WE BELIEVE THAT WE HAVE DONE A GOOD JOB IN DOING SO.

WHEN THE YEAR STARTED, THE COMMITTEE PUT TOGETHER A FEW OBJECTIVES THAT WE HAVE CONSTANTLY BEEN TRYING TO COMPLETE. THESE OBJECTIVES ARE:

- TO ENCOURAGE FRIENDLY COMPETITION BETWEEN CLANS.
- TO LISTEN TO WHAT THE STUDENT BODY HAS TO SAY, THEN ACT ACCORDINGLY
- TO ENCOURAGE 100% PARTICIPATION IN ACTIVITIES THROUGHOUT THE SCHOOL.

# CLAN COMPETITIONS

# HALLOWEEN

# St. Andrew's College

## HALLOWEEN

This year Halloween was taken seriously by all. With many creative costumes, and an assembly held by the Andrean Life council, the spirits were high and everyone had a good time. A majority of the students were dressed up, and some very good costumes were created for this special event. Honourable mentions go to Jason Durst, who made a Toronto Maple Leafs Zamboni, included with front headlights and all the Maple Leaf Paraphernalia, and who won the "best costume award" at the assembly, voted by the SAC community. The assembly during the day included a pumpkin carving contest, where each respective house made a pumpkin to be judged by everyone. The next event included a pumpkin pie/ milk eating/drinking contest, where a contestant from each house went to the front onto the stage, and Competed against the other house members. Thanks to the Andrean Life Committee for organizing a great day of events!

*...winning isn't something that happens suddenly on the field when the whistle blows and the crowds roar. Winning is something that builds physically and mentally every day that you train and every night that you dream.*

Emmitt Smith, American Football Player

# 1ST FOOTBALL

As we completed training camp on Sunday September 11<sup>th</sup> I was on 590 the Fan and David Grossman's "High School Radio Show" I was asked about the Prospects for this year's team. I responded by saying we could finish anywhere from First to Fourth depending on how much this young team developed during the season. Well clearly our youth was a factor early on because at mid-season after being humiliated by UCC 42-21 we possessed a 1 and 3 record.

From that moment we played inspired football and grew in confidence every time we stepped on to the field, practice or games. The next week we played De Lasalle and blew them up 43-0, the highlight being Phil Oram and Scott Giroux, the Bash Brothers, rumbling for a touchdown in the fourth quarter.

The next week, with a chance to even our record to 3 and 3 and with the playoffs on the line we slaughtered Villanova 31-14 behind the inspired running of Karl McCartney.

Having made the playoffs, we could have rested, comfortable in the knowledge that our season had ended successfully, and that the behemoth at St. Mike's, the number one rated team in the city and third rated team in the country was going to be too much to handle. But no... that week of practice, with new systems and new strategies in place saw us gain great confidence. People looked at us strangely when we would tell people on the day before the game that we were going to win. As we all know, it was the upset of the year in high school football, where David beat Goliath in his own backyard. It was certainly one of the most memorable games in the school's recent football history. The players will all remember, perhaps for the rest of their lives, standing in the endzone at the conclusion of that game and soaking in the scene of a very sweet victory.

The next stop was the CISAA Championship game and our opponent UCC. Well as many of you witnessed, it just wasn't our day. Every time we turned the ball over they turned around and scored a touchdown. All 28 UCC points came off our mistakes, it was 14-0 before we even touched the ball. A colleague from another school emailed me the next day and said "You dominated the game for 56.5 minutes, they beat you for 2.5 minutes at the beginning of the game, 30 seconds before halftime and 30 seconds in the fourth quarter. Well that is the nature of the game sometimes.

I stood with my team in the endzone and talked about the camaraderie and brotherhood that exists in football that is truly unlike any other team sport. The close connection and sacrifice that all of them had collectively given and the pain of that final loss.

MVP: Anton Bennett

MIP: Colin

The 2005 football season took off on the right foot, by having enough players try out and not requiring any cuts and allowing new football players to learn the game. Practices were hard with lots of conditioning but the players worked well and we improved throughout the season. Our coaching staff consisted of returning coaches: Mr. Jon Butcher, Mr. Dave Stewart, Mr. Graydon Robson and Mr. Stu Bundy who helped the U16 team improve in skill and helped us work as a team. New coach Mr. Terry Prezens worked with the defensive backs and turned them from newcomers to veterans that worked better as a core every game.

The first thing that the team needed were some leaders that could help the coaches take charge. Jeffrey Kay of the defensive team and Mike Hale (who had the best arm in the league) of the offensive team proved to be excellent captains and played each minute of every game. Nick Nikhan was also a captain but was injured for most of the season. The fourth captain was Gordan Gray who came back this season wanting to be a quarterback, but earned his position catching the ball instead of throwing it.

Zack Miller had soft hands and caught 4 touchdowns, shaking off defensive backs. Matthew Hale brought to the team running that set the standard for the CISAA League. Bucky Pelosse, Taylor Brown and Hamilton P played great defensive games and hit more people that you can count. Our offensive line was taken to a new level by Patrick Yan. Morgan Bonner perhaps the best grade 9 running back in years led the offence in touchdowns. Coach Stuart and Robson molded the offense to perfection.

Even though the season stats didn't come out as well as we would have liked. (1-4) We lost a heart breaker in our last game, losing by only one point. We didn't make the playoffs but we did have one this the whole season at TCS 31-0. Interestingly we had the second best overall record in the league on offense – only St. Mikes scored more points than us. However we improved as a team and look forward to developing further at the 1st Team level. Thanks and good luck on your endeavours.

- Jon Butcher Esq.

# 2005 CAIS National Champions

## Overall Record: 11-3-2

**F**irst Soccer this season was composed of very skilled individuals, and many all around athletes. Only a few have soccer as their main sport of interest, yet together we made a formidable squad that could rival anyone in Canada. Being near the top of the league for most of the regular season, we were able to capitalize on our efforts at the CAIS national tournament and take home the title for the first time in twelve years. For many of us this was a title well deserved, and no true Andrean knows there's nothing better than beating UCC on their home turf. Now it would depend who you ask about what happened to the rest of the season, and why we didn't make the playoffs, but what it comes down to is we just didn't win the games we needed to. However, not only was it great to be a part of such a spirited team, it was a privilege to lead them through the many challenges we faced, and bring home the National Championship for the first time in over a decade.- Captain Eric Cumming

MVP-Iker Lanzagorta

MIP-Adel Ratansi

## JV SOCCER

MIP: Richard Shouldice Stewart

MVP: Arthur Wong

An eclectic band of brothers came together to form this year's Junior Varsity Soccer team. The team was held together by motivation, belief in ourselves and a true love for the game of soccer. Each practice and game brought us closer to our goals and each victory was a tribute to the hard work and effort by each and every player. The Junior Varsity squad worked hard in each game, and had a great desire to win. The 4-3 record managed to get our team into the playoffs, but unfortunately we met a very skilled Pickering College squad who managed to defeat us. As always with the JV team, we are saying goodbye to our graduating students and I would like to extend my personal thanks to the grads for a great season, Vello Keelman, David Kanhai, Andrew Finelli, Dylan Edminson, Matt Leon, Arthur Wong, Brandon Richards, Henrique Barbone, and Justin Lemieux-Reale. Every player came to practice willing to improve and striving to win the next game. This was a great season, and I had a lot of fun coaching such a great group of guys.

Back Row: Stefan Noel, James Butler, Aaron Kwok, Michael Ying, Kevin Park.

 Front Row: Guillermo Mier Y Conchar, Jonathon Si, Brandon Andrews, Adrian Eng, Nadim Suleman.

2 Wins, 7 Losses, 2 Ties

## U16 SOCCER

The 2005 season for the Under 16 Soccer team started with sixteen enthusiastic players keen to improve and compete against other very talented squads. And while the 2-7-2 record may not initially appear that impressive, in every game the team demonstrated a grit and determination to compete against the top teams. In fact, even with a losing record, the team only conceded an average of a little more than 2 goals a game. Even against some of the most talented teams in the league, this U16 squad demonstrated a defensive superiority conceding a total of 6 goals to the top three teams over 4 games. While we could not match our defensive ability with offensive punch, the players improved greatly as the season progressed and undoubtedly will contribute to our senior teams next year.

MIP: Brandon Andrews

MVP: Stefan Noel

# U-15 SOCCER

**Back Row:** Aaron MacDonald, Alex Culp, Jon Thomson, Joey Ding, Cruiser Fung, Michael Anderson.  
**Middle Row:** Grant Nych, Philip Whitfield, Adam Moryto, Ryan Ball, Jason Durst, Joe Park, Mr. Marke Jones Esq.  
**Front Row:** Michael Goitanich, Clark Rabbior, Lucas Boyd, Mitchell Arnold, Graydon Clavert, Ryan Cathers, Pirathap Loganathan

## CISAA CHAMPS

MVP: Alex Culp

MIP: Lucas Boyd

The U15 Soccer combined regular season and playoff record was 9-0. How was this achieved. It was due to a great combination of players with mixed levels of skill and ability who were willing to work hard and play hard. Our toughest challenge, and most exciting game was the Championship final, which, after open play and two overtime periods took us to a shootout with BVG. Here our goalie, Lucas Boyd, made the difference. With penalty kicks at 3-3, Lucas, a rookie goalie, scored our fourth and then made a spectacular save leaving the door open for Captain Jason Durst to seal the deal with a final goal and Championship season!

# U-14 SOCCER

**Back Row:** Michael Hergoth, Jin Soo Lee, Jorge Arozarena, Santiago Pacheco, Vincent Pulla, Andre Goyo.  
**Middle Row:** Leroy Law, Jorge Alegria, Kent Leslie, Michael Zhang, Inaki Lopez, Ryan Lee.  
**Front Row:** Mario Settino, Diego Gonzalez, Ander Lanzagorta, Leon Vertiz, Nico Fattore, Adrian Lombardo, Devin Healy, Ms. M. Derwin Esq.

The Under 14 soccer team went undefeated throughout regular season play, granting us the opportunity to host the CISAA Championships. The championship game was against St. Mike's, and after 90 minutes the game was tied and forced into overtime. In the dying minutes of overtime, Andre Lanzagorta struck the crossbar from a 35 yard free kick and unfortunately, we were unable to put away the rebound. St. Mike's counter attacked and we were scored on within seconds of a shoot out. The boys played their hearts out and unfortunately we were left to settle with a second place finish. This years MVP was awarded to Santiago Pacheco and the MIP was awarded to Leroy Law.

MIP - Leroy Law

MVP Santiago Pacheco

# U13 SOCCER

**M I P :**

Danny McConnel

**M V P :**

Steven Sirbovan

The under 13 soccer team this year, was a very respectable and skillful team. Finishing with a 5-3 season record. They only lost in the CISAA semi-finals against the eventual champions of the league, although the game was a close one, the score was only 2-1. They were involved in the national CAIS tournament where they placed 5th, out of several teams from all around the nation. They had a very talented and experience goal keeper, Nicholas Dentey who helped them through many games. With the coaching of Mr. Ruscitti and Mr. Hanson, the U13 soccer team was a solid one. The coaches of the team were happy with this years team and look forward to seeing many of these boys play for the first team in some years to come.,

**Front Row:** Mike Hanson, Sean Abar, Chris Adams-McGavin, Robert Macfarlane, Dylan McArthur, Terry Lee, Michael Ruscitti

**2nd Row:** Alex Harris, Kieran Mulroy, Ben Hanlon, Chris Ho, Steven Sirbovan, Andrew Carr

**Back Row:** Stefen Ferraro, Dylan Hewko, Nicholas Dentay, Matthew Mardini, Danny McConnel

# U12 SOCCER

The young, hard working, Sifton, the team also had 2 u12 soccer team chosen from a the glass of grade 6 & Haitian Yu. The MIP and began the season not knowing how far they would make it. They worked hard together and put together their best effort to achieve their goals for the season and improve themselves overall for next year! They came out of the season with a win and a tie. The skill and dedication of many players had a great impact on the team. Those players include the forwards Davniel Milne & Arun Partridge, the defenders Justin Moryoto & Michael

goal keepers, Mark Denton & Haitian Yu. The MIP and MVP awards were hard to give because there were many boys that could have earned either award. The MIP was given to do Tanner Creel who began without much experience but had much athletic ability and dedication and improved to help the team alot. The MVP was given to the boy who helped the team the most, with skill, support, and constant hustle, the captain Sean Smith.

GO SAINTS GO!

# 1ST VOLLEYBALL

**Back Row:** Nathan Turner, Nick Vangog, Christian Kieller

**Middle Row:** Joseph Ghobrial, Carlo Iacono, Tyler King, Michael Nowicki, Dennis Chang, Jamie Walker

**Front Row:** Mr. C. Numa esq., Andrew Baer, Ryan Kesteris, Dennis Tomory, Mr. F. Cowell esq.

# SAINTS

## ST. ANDREW'S COLLEGE VOLLEYBALL

MVP - Nick Vangog #14

MIP - Dennis Tomory #5

This season we achieved our main goal of reaching the final four, losing to the eventual winners. With only two returning players we as a team were able to build a competitive squad based around youth and inexperience. The season began with the very competitive U of T tournament, followed by the MacMaster tournament and the CAIS tourney in Calgary, Alberta. The character of our team was displayed in the quarter finals when we were down 10 - 6 and Dennis Tomory served 8 straight serves. Along with the defensive play of Andrew Baer, Tyler King, and Dennis Chang and the hitting power of Nic Vangog and Carlo Iacono, we won the game 15- 11.

It isn't fair to center out only a few of our players - we could speak of everyone and their importance to the team from the captains to the libero to the managers. Volleyball is a team game, and we played accordingly. What is exciting is that for the first time in a long while we will be representing S.A.C. at OFSAA next week. This will be a great learning experience for our young team. We must also pay tribute to our two graduating players, Dennis Chang and Spence Williamson. Spence was a welcome addition because of his experience, his power, and his overall understanding of the game. Dennis was our quiet leader and captain who, in playoffs, really showed his determination to win. We will miss both of them but feel confident that they have been instrumental in the development next year's team. We look forward to the return and arrival of new and enthusiastic players next season and are especially excited about the Cuba training camp we are organizing for the end of August 2006.

Our MIP for the 2005 season is a player who throughout the rigorous schedule continuously improved defensively and offensively to earn a starting spot - Dennis Tomory. Our MVP is a player who was intimidating from day one. What impressed us most was that he was injured in the early season and attended every practice and game and remained positive and inspirational to the team. When healthy this player was unstoppable and was an inspiration to everyone else. We are very anxious to see him grow into his full 6'4 frame - Nick Vangog.

- Claudio Numa esq.

# U16 VOLLEYBALL

Back Row: Andrew Chong, Drake McCleave, Cam Oram, Scott Munro  
 Middle Row: Mark McLean, Brian King, Zohair Rahman, Corey Morrison, Ben VanGalen  
 Front Row: Scott Christopher, Boris Wong, James Stainer, Taylor Bryce, Mr. M. Service Esq

The U16 Volleyball team finished league play with a CISAA record of 8-2, losing in the semi-finals to the eventual champions, St. Michael's College. The highlight of the season was a regular season game against UCC who ended up with a first place league record of 9-1. Ours was their only loss in regular season play. Some of the more memorable times this year happened during a weekend tournament in Chatham. Although the team lost every game, the guys had some great bonding moments playing lazer tag, swimming and hanging out in the arcade at the hotel. They also witnessed some very high caliber volleyball which gives this young squad something to shoot for in the years ahead. With only one Grade 10 on the team, there is a good core of returning players to build on for next year. As Scott Munro moves on to the 1st team, the rest of the team looks forward to a good run at the U16 CISAA title in 2006.

MVP: Scott Munro(Right)  
 MIP: Corey Morrison (Left)

# U14 VOLLEYBALL

Back Row: Alec McCleave, Looky Lu, William Egi, Ryley Begg, Kashtin Fitzsimmons  
 Third Row: Sam Roberts, Daniel Kim, Jon Campbell (capt.), Austen Eagleson (capt.), Brad Denniston, Tommy Kim  
 Second Row: Andrew Pacione, Joey Kim, Eric Merkel, Spencer Powell, Dylan Amar, Michael Lum, Justin Ritchie  
 Front Row: Ms. D. Austin Esq, Christian Thomas, Ryan Rogers, Roberto Roderiguez, Sonny Atkins, Ms. M. Pelc Esq

This season, after another record number of players trying out, the U14 volleyball team consisted of eleven players on the representative team and eleven players on the developmental team. The season started of shakily with a mini-meet but with the help of the captains, Austen Eagleson and Jonathan Campbell, we made the playoffs but eventually lost to Appleby College. This year's Most Improved Player has been a dedicated disciple of volleyball since grade six. Way to go, Spencer Powell! The Most Valuable Player was one of our setters: Eric Merkel. In volleyball, the setter is the quarterback of the team. He works the hardest and gets very little glory. Nice work, Eric.

MVP: Eric Merkel (Left)  
 MIP: Spencer Powell (Right)

# A Mid Summer's Night Dream

This year the SAC dramatic society put on William Shakespeare's classic, A Mid Summer's Night Dream. Although there were only four performances, there were next to a hundred hours of preparation. The miraculous performances impressed and amazed everyone. For most of the actors this year, it was their first time ever doing something of this magnitude. All of them were astonished with the amount of work, and time that has to go into this production. At the beginning, no one knew that they would be a part of something great, but the directing of William Scoular, made every one know what they were going to be a part of! The out standing performances of Ryan Cole (Puck), James McArthur (Oberon) as the creatures of the woods. Collin Murphy (Demetrius) and Taylor Campbell (Lysander) as the lovers, caught in an intricate web. Pierce Cassidy (Bottom), and his merry cast of mechanicals; Adam Salomon (Peter Quince), Tyler King (Robin Starveling), Graham Thompson (Tom Snout), Spencer Higgs (Francis Flute) and Eugene Ma (Snug). As well as many others who made this play what it was! From the visually stunning battle at the beginning of the play, to the side-splitting performance of the play with in the play, the audience was left entertained during them play, and left with memories. They weren't the only ones, every person who took part in this play will remember it for years and years to come. To sum this up, Ill quote almost everyone in one way or another, "This was the most memorable thing I've ever done at SAC".

# ST. ANDREW'S

# NIGHT DINNER

# THE CAROL SERVICE

# MacPherson

The 23rd MacPherson Hockey Tournament this year took place between January 13th - 15th. The players in the tournament displayed great sportsmanship, school pride, talent and heart. There were eight fine teams from around the continent competing against each other. The eight teams were : King's Edgehill School, St. Francis High School, Upper Canada College, Gilmour Academy, Northwood School, Shady Side Academy, St. Michael's College, and our very own St. Andrew's College. The Saints hockey team this year composed of seven graduating students, eleven grade eleven students, and one grade ten. They easily managed win four games in a row to make it to the finals to compete against Northwood School. Although after several hard played games, the team had troubles against the very talented Northwood School. A very well played tournament on behalf of the Saints.

**Go! Saints! Go!**

# Tournament

The purpose of this years winter activity day was to give students and experience that interested them, outside of the classroom, that was still provided through the school. In the past years winter activity day has been known as solely "ski day," where only skiing, boarding, and tubing were options. When this was the case 40% of the student body ended up sitting in the chalet either because they didn't want to do any of these things or didn't know how. So starting last year the school took the initiative to offer 20-25 options and all that had enough sign-ups would run. This year 12 activities took place other than skiing, they included curling, dog sledding, a business trip to the Toronto Stock Exchange and skating. The day took a lot of planning on Mr. Shrimptons behalf, except the students enjoyment was what kept him motivated. Even though quite a few kids couldn't participate due to the flu, the day was an overall success.

Absent: Jeff O'Neill, Ryan Kesteris, Jeff Park, Sam Millette

MIP - Mike Hale

This year Junior varsity had a good team, which became a great team as each guy began to trust each others abilities enough to change the 'me to we.' This mentality was championed by a solid group of leaders who have been at St Andrew's for years and truly understand what it means to put on the Red and White jersey. This determination and love of school showed in a spirited team/school first mentality that was witnessed, most obviously during the playoff stretch. During the playoffs only three goals were scored against. This statistic is testament to focused defensive play and a most solid group of goaltenders.

Thompson and Ratnaswami were the veterans and corner stone of a fine group of young men who improved all season, turning individual skill into powerful team oriented play. With a core of senior players, the younger group flourished and propelled us to the first S.A.C Junior Varsity title, of any sport, in over 30 years.

Most importantly, this season witnessed big wins on and off the ice. The J.V hockey players took to the streets in Toronto, partnered up with an inner city school and taught over 60 new Canadians how to skate. These little lessons made a lasting impression to those who can now proudly say "I can skate!"

At the start of the season we all pulled on our Jerseys together, and when the sweat laden jerseys were taken off after the C.A.I.S championship game - our record stood at 24 wins, 1 loss and 2 ties.

Upper Canada College Tournament Champions and C.A.I.S. Champions

MVP - Colin McCullough

# U14 HOCKEY

Fifth Row: Esq. Mr. D. Stewart, Jonathan Tozzi, Mike Ferguson, Scott Giroux, Esq. Mr. D. Galajda

Fourth Row: Michael Hergott, Mathew Mardini, Kent Leslie

Third Row: Benjamin Vangalen, Austin Eagleson, Arun Partridge, Andrew Carr

Second Row: Dylan McArthur, Andrew Pacione, Mario Settino, Chris Milne, Carson Trempe, Ben Hanlon

First Row: Kieran Mulroy, Steven Sirbovan, Tanner Cruel, Alex Harris, Sean Smith

**M**r. Stewart and I would like to thank all U14 Hockey team members for their energy and enthusiasm. In particular, Jon Tozzi, Scott Giroux, Mike Ferguson for their help coaching the team throughout the year. Their experience in hockey and working with the team was valued and appreciated.

Our top 5 highlights:

5. Ben Van Galen's ability to find himself in the penalty box after giving what would be considered a legal hit in normal hockey circles, but an illegal hit in a non-contact league.
4. The motivational speeches by Austin Eagleson – dealing with such issues as the Titanic, sailing ships, the Bermuda Triangle and Winston Churchill. His energy and team enthusiasm was greatly appreciated – The Eagle came to play every day!
3. Mario Settino – making up face-off plays on the fly, dangling the puck in the neutral zone, wandering during a penalty kill and finally shooting the puck once in a while that would find the back of the net.
2. We don't have a number 2 highlight.
1. The goaltending of Alex Harris – he was consistent and made some amazing saves keeping us in most games until the very end.

MVP - Kent Leslie (Right)  
MIP - Mathew Mardini (Left)

# 2005-06 Saints Basketball

Back Row: Bob Perrier Esq., Julian Benheim, Ping Hsu, Gary Godkin Esq.  
Middle Row: David Jang, Dennis Chang, Matt O'Donnell, Neil Osien, Karl McCartney  
Front Row: Michael Yoon, Sean Han, Ryan Ball, Kyle Bergman, David Miklas, Adel Ratansi (Absent)

The season was busy with 2 tournaments, two exhibition matches in Ottawa, a total of 24 games, of which 9 were wins. With only three returning players from last year's squad the coaches realized from the start that challenges lied ahead for us. By the third game of our season we had played St. Michael's College twice and were given a good measure of the gap between us and them. Not surprisingly St. Mike's easily won the CISAA championship and entered OFSAA as the 10th ranked Quad 4 team in the province. Our goal was to reach the playoffs. Playing better teams along the way speeded up our improvement to the point where a victory in our final league game would have had us finish 4th of eight teams, not too bad considering it took 13 games to win our first 3. From that point we needed 11 games to win our next 6. Despite the hard knocks our effort was superb. We practiced hard, had several extra practices, and by February we found ourselves on a 5 game winning streak. The quarterfinal playoff at UCC was a well played game by both teams. Though we lost by 6, we were not overwhelmed, and we were competitive right to the end. We bid farewell to 5 graduating students: Jules Benheim, who improved steadily and was the game's top scorer in our home victory over TCS. Dennis Chang, who gave us several valuable minutes in many games throughout the season. Sean Han, who played with intensity and considerable drive. Ping Hsu, who unfortunately was forced to the sidelines early in our season, did not get the same opportunity as the others to develop. Karl McCartney, our co-captain, will be very difficult to replace. He was a dominant rebounder at both ends of the floor. When Karl's was on his game he was around the 20 point mark. Several players, Ryan Ball, Neil Osien, Matt O'Donnell, and Adel Ratansi, received votes for the MIP award. All are deserving. Adel and Matt surfaced as front runners. Both were instrumental in the successes we enjoyed. Both were willing to do the dull stuff-practice the fundamentals. Winner of the MIP award this year was Adel Ratansi. Karl McCartney played his game pretty close to the rim and won his fair share of the rebounds. We certainly benefited by his athleticism and his all-round solid play. Ryan Ball is a special player. Only in Grade 9 he showed he could play with the big boys. He plays with confidence and he can score. He sets high standards for himself. The best is yet to come in his case. Co-captain Kyle Bergman always played a gritty game. We admired his determination and high level of desperation in his play. We benefited by his fierce, never-give-up competitive desire. When he was on the floor we were a much better team. MVP of this year's team was Kyle Bergman.

**"This team will have a special place in my basketball memories." - Coach Ken Ryan Esq.**

There is usually an identity problem with this level of basketball. It used to be called the second team, then junior varsity or JV, this year it was called senior tier 2. Regardless of the title, it is a prep team for 1<sup>st</sup> basketball, and it is hoped that quite a few of the players on the team this season, will make the jump to the 1<sup>st</sup> team next year. When you consider that 14 of the 15 games the team played were against senior or varsity teams from other schools, and more than half of the losses were by less than 10 points, it really was not a bad year, despite a losing record. The highlight of the season was a trip to a tournament at Lower Canada College in Montreal. We also had interesting excursions to Peterborough, Belleville and a cold bus ride to Rosseau Lake. Special thanks to co-captains and grads, Jesse Ross Cohen and Paul Jenkins for their contributions to the team and especially for their leadership; to Blake Muir, who joined the team late in the year for his help and his insight into coaching; to Luc Swenker who always made sure that water and towels were available and to Devon Mok who helped Luc and took care of statistics. There was always a great deal of spirit on the team and the players really supported each other. This team will have a special place in my basketball memories. - Ken Ryan Esq.

**Middle Row:** Drake McCleave, Guillermo Mier Y Concha, Kegan Sheehan, Alexander Pierce.

**Front Row:** Andrew Chan, Zech Miller capt., Adrian Eng, Jonothan Si, Mark Service Esq.

**"They should be proud of the progress they made both as individual athletes, and as a team." - Coach Mark Service Esq.**

**MIP:** James Simpson

**MVP:** Zack Miller

The U16 Basketball season started with three straight losses to Appleby, St. Michael's and Ridley. Although a frustrating way to start off, the guys took solace in the fact that all three schools are generally known for their basketball. They also took it as a much needed wake up call. Gradually, team chemistry improved and players started to buy into the systems they were learning. As such, the wins began to accumulate. We went into our last game of league play with a record of 4 wins and 5 losses and caught in a three-way tie for the sixth and final playoff spot. A loss to 4<sup>th</sup> place Crescent would leave us caught in that deadlock and therefore, dependent on points for and against to determine our playoff chances. A win on the other hand, would guarantee us a playoff birth. I was really impressed with the aggression and composure demonstrated by everyone that day as we beat Crescent in a very close contest by a score of 38-36. Although we lost in the Quarterfinals the following week, we played another outstanding game and did extremely well to stay within 12 points of the eventual CIS champions, Ridley College. I'd like to thank all of the players for toughing it out this year, for supporting one another, and for standing by me. They should be proud of the progress they made both as individual athletes, and as a team. - Mark Service Esq.

# U14 BASKETBALL

Back Row (L to R): E. Tuomi esq., Vincent Pulla, W.G. Robson esq.  
 Middle Row (L to R): Jose Deducte, Ted Oh, Jin Soo Lee, Jonathon Campbell, Alex Moss, Jason Kim  
 Front Row (L to R): Hilmond Hui, Michael Zhang, Roberto Rodriguez, Leroy Law, Haider Akbar. *Missing:* Kashtin Fitzsimons, Devin Healy

The Under 14 basketball team started the season moving in one direction under Coach Josselyn, then the team moved in many other directions with Coaches Ruscitti, then Godkin, and then Shrimpton after Mr. Josselyn needed to take some very important time off. Finally, after what must have seemed like months for the players, Coaches Robson and Tuomi settled in just in time to see things through to the end. The boys are to be congratulated for their resilience and their determination to work through adversity.

We simply could not win tough, tight games. Against the top 5 teams in our league, we were clearly outmatched, losing each of those games by an average of 12 points. Against the bottom 5 teams in the loop, though, we were in some very close games, losing by a 1 point margin on two occasions, and our average loss worked out to only 4 points per game. With a bit more luck, and with some slightly better execution (2 baskets per game), we just might have turned the season into a series of triumphs. The Coaches firmly believe that this group of players can and will form the nucleus of a winning programme in the next level of competition.

I would also like to take this opportunity to thank Miss Tuomi for her outstanding work in this, her first coaching experience. She has a keen eye for the intricacies of the game, and a wonderful way of communicating her knowledge. Everyone associated with this team recognizes that Miss Tuomi is going to be a fabulous coach when she enters the teaching profession full time in a couple of years time. Thank you Coach Tuomi.

MVP- Vince Pulla  
 MIP- Ted Oh

# U15 BASKETBALL

**Back Row:** Brian King, Jason Durst, Zohair Rahman, Quinton Elliott  
**Middle Row:** Aaron MacDonald, Andrew Merkel, Cruiser Fung, Philip Whitfield, Boris Wong  
**Front Row:** Pirathap Loganathan, Michael Goitanich, Graydon Calvert, Grant Nych, Mr. Claudio Numa Esq.

The U15BB team completed the season 4-4 after a 0-3 start. We had the talent to win the CISAA championship. Unfortunately our efforts ran short when Crescent School won the semis 41-30. The score is not a reflection of how close the game was: it was exciting and fast paced. A very exciting game where skills and emotions were put at test! This group of young athletes have what it takes to help the Basketball Program remain very very competitive in the years to come. They display skills, spirit, attitude, they are true Andreans.

Their dedication in practices as well as at games was second to none. Rarely, in my many years of coaching, I have rarely seen a more dedicated group. What is most memorable in my mind is that the TEAM came first and not themselves. The true spirit of a team player! I have had 2-3 players injured almost all season long and they attended practices and games to support their teammates...they were there for the TEAM. These young men were an inspiration to each other. I need to thank the captains and the players, for making this season a successful one in all aspects of the word TEAM. Now, Chicos, you're ready for the next step up, U16BB and up!

MVP- Boris Wong  
MIP- Brian King

# U-13 TIER 1 BASKETBALL

**Back Row:** Ben Hanlon, Johnathan Yan, Danny McConnell, Daniel Kim, Alec McCleave

**Front Row:** Michael Ruscitti esq., Christian Thomas, Eric Merkel, Stefan Ferraro, Justin Ritchie, Nick Dentay, David Josselyn Esq.

**M.I.P. -** Danny McConnell

**M.V.P. -** Robert Macfarlane  
(not present)

The basketball year proved very challenging for the Under 13 squad. We started the year off with a tournament in Niagara Falls where William Egi showed potential to be a star, unfortunately he broke his leg in practice 3 weeks later and that ended his season. Many players rose to the challenge including Nick Dentay and Stefan Ferraro. Both players showed flashes of brilliance at the National tournament in February. Alec McCleave, Joanthan Yan and Daniel Kim began driving to the basket with force and became threats from the perimeter as we reached the playoffs. The flu bug hit our team pretty hard and near the end of the season we were without one of our best defenders Eric Merkel. A highlite heading into playoffs was our trip to Ottawa where the bench play by Christian Thomas and Justin Ritchie gave us hope about upsetting UCC. On the final day UCC were just too big and although Grant Pollock was a force on the final day we were unable to steal a victory and were knocked out.

# U-13 TIER 2 BASKETBALL

**Back Row:** Suneel Joshi, Sonny Atkins, Chris Ho

**Middle Row:** Alex Lance, Haitian Yu, Graham Davis, Michael Sifton

**Front Row:** Zachary Seto, Christian Tam, Justin Moryto, Kyle Barber, Scott Lewis Esq.

**W**in-loss records are not important.

Christian Tam digging deep and using every ounce of strength in his body to launch the basketball all the way from the free throw line to the hoop.

Chris Ho driving hard to the basket and making a lay-up . . . without travelling. The entire team finally learning the difference between Play #1 and Play #2 . . . These are the kinds of moments that we'll remember. Although we did win one game, it was a tough season. We took a few beatings, but I was always proud of the way our guys kept playing hard and kept having fun. We developed a great deal and I know that a number of our players will make great contributions to their teams next year.

# JV SQUASH

The strength of the squash program at S.A.C. is that we develop players new to the game. Our guys compete and practice as a program based on their ability level from grade 6 to 12. So when the U14's earned Gold, the U16's Silver the JV team Gold and the 1st team Silver, we all felt, coaches and players, that we had contributed to every teams success. I want to especially thank Mr. Paolini and Ms. Derwin for their energy and organization. Also to the 10 faculty members who frequently came out to play the boys.

The two highlights of the 1st team's season were during the round robin match against TCS when both Iker Lanzagorta playing #1 and Devon Bean playing #2 won their matches. In Iker's final game the TCS #1 looked like he just did not know what to do to put the ball away against as Iker won 2 games to 1. Then, in Devon's match against the TCS #2, Devon played relentless squash and for the final point he served the ball hard right at the TCS players left shoulder and the guy simply conceded the point and the match by catching the ball and shaking Devon's hand.

Squash is a great game for life. Most people take it up at university or once they start their careers. At S.A.C. we are developing players who are starting to compete provincially and will be able to compete at the university level.

So consider joining us for the Spring Tuesday Intramural Squash League.

**Front Row:** Warren Lau, Ander Lanzagorta, Ryan Rogers, Leon Vertiz, Alfonso Cano, Scott Christopher, Andrew Chong

**W**e did something extraordinary this year. The depth of the U14 Team was so great that we promoted the top four players to the U16 level. This had the effect of making a strong team even better.

For the Championships we were ranked the #1 Team. In the preliminary round we proved it, by winning a record 103 games. We won an incredible 39 out of 42 matches! In the Final, the team that would challenge us for the championship would be Crescent, who qualified in 2nd place with 85 points.

We went into the Championship round very optimistic. But in sports the best team doesn't always win. I am not sure what happened, but we ended up losing 4-3 to a team which two hours earlier we had beaten 6 to 1. It was a fairytale ending for them, a great disappointment for us.

The Championship was for us to lose, and lose it we did. For 15 minutes in the whole season, we were not at our best, and we paid a terrible price for it. I guess they wanted it more than we did! For the 15 minutes that counted the most, we had to settle for second place.

It was an exciting season, although for us it ended in a bittersweet way.

# U-14 SQUASH

Bottom Row: Devin Cassidy, Andre Goyo, Jorge Arozarena, Inaki Lopez, Bernardo Zorilla

# Varsity Swimming

This season would be best described as a rebuilding year for the First swim team. After graduating many strong swimmers last year, the focus this year was on developing a strong core of Grade 11's while giving the grade 12 swimmers the opportunity to show off their talents in their final season with the team. Our 8<sup>th</sup> place finish at the CISAA finals was disappointing to some, but what is more important is that the boys set a large number of personal best times at that meet. In addition to these best times, we also qualified 6 swimmers for the recent OFSAA championships.

While he could not be here today, 'Captain Blood' (better known to the rest of you as Mr. Walden) and I would like to congratulate all of the first team members on a good season and we wish the best of luck to our graduating swimmers, Tyler, Andrew, Spencer, Brandon, Tony, Ben and Chad.

- Amanda Thorne

MIP William Yuen  
Miss. Thorne  
MVP Chad Davis

Front Row: Kevin Yeung, Anthony D'Antonio, Gregory Vandemark, Chad Davis

# Junior Swimming

With only 9 members, this year's U16 team was a small, developing team. Seven out of the 9 team members were grade 9's and 5 of them were completely new to the sport of competitive swimming. While none of these boys broke any team records or qualified for OFSAA, this hard working group of boys improved greatly over the course of the season. Many of them went from being coerced into swimming the 50 freestyle at swim meets to requesting to swim the more difficult 200 freestyle and 100 I.M. I am proud of each and every one of their accomplishments and I look forward to working with them again next season.

MVP: Andrew MacArthur  
MIP: Hidetaka Ishii

Back Row: Jamie Symmes, Thomas Brindley  
Middle Row: Jon Thomson, Gorman Han, Hidetaka Ishii  
Front Row: Aaron Rhinelander, Andrew McArthur, John Walden

This season of Jr. Swimming was exciting because it was filled with improvements and accomplishments. For example, Alex Brown perfected the breast stroke, Daniel, Spencer and Tommy's ability to dive improved, Diego, Jose and Andres all became faster more fierce competitors, Mark Denton's strength and speed improved so much that he managed to move up ten places in U12, 50m freestyle and was 18/62 CISAA, the U14 200m freestyle relay team placed 2<sup>nd</sup> at the finals and Arthur also placed 2<sup>nd</sup> in the U14 50m freestyle with a time of 33.5 seconds.

Altogether it was a season to be proud of, every member of the team tried their best and worked hard to improve their skills. I also would like to take this opportunity to thank all those students who volunteered at our meets, Miss Thorne who helped with several of our home meets and finally a big Thank You to Mrs. Rose-Donahoe who travelled with the team and helped out a several practices – volunteers are and integral part of running a smooth season.

- Alyson Bartlett

# 1ST SKIING

**5th:** Dylan Amar, Charles Boisvert, Spencer Powell, Benjamin Fockter, Brett Wilson  
**4th:** Rafael Villegas, Alejandro Ibarra, Hamilton Petropolis, Josh Harris, Cameron Oram, Michael Anderson, Kelsey Boland  
**3rd:** Myung-Jin Seo, Brandon Andrews, Carlos Mejia, Bennet Kane, Adam Yates, Robby Kaptyn, Jason Fong  
**2nd:** Dylan Baker, Micheal Fedorov, Rob Hambley, Mike Ligeti, Andy Dalrymple, Phil Oram, Cameron Tait  
**Front:** Mr. Nicolas Day Esq, Duncan Cole, Matthew Munro, Tyler Munro, Matthew Eaton-Kent, Dylan Edminson, Richard Houser, Ms. Clare Kowaltchuk Esq, Mr. Jamie Inglis Esq.

This year opened with decent expectations and while we graduated only 6 skiers last year, the majority of them were the core of our OFSAA championship level one team which swept the medals last year. While all of the coaches were certain that this would be a rebuilding year we were very much mistaken....Starting with largest team that we ever have had (36 skiers), we were absolutely shocked and the heart and desire of these guys to win. 6 hrs on a bus, 3 hours of training plus a full day of racing each week never fazed these dedicated boys and as the season went on, not only did we find ourselves competitive, we once again found ourselves vying for the championship. The CIS championship this year was not meant to be for us, and while we were tied for first in Level Two, we settled for the Silver Medal succumbing by less than 0.5 second to the first place team. Likewise our Level 1 boys, although winning the championship race, we were second overall by only 1 race point. It was a year of "near misses" so close to Gold in 4 of the 5 divisions, but we had to settle for Silvers in U14, Level 1A, Level 2B and Level 2A. While this is a miraculous result, to our dedicated skiers this was a disappointment and only made them work harder in our gruelling practices leading to OFSAA. With every other school in the province gunning for us, the boys were not phased. Eager to make up for what they perceived as poor season results, our racers dominated the podium at OFSAA for the 4th time in as many years. Led by Dylan Edminson's Double Gold and Richard Houser's Bronze individual performance, our Level One Boys secured team Gold in GS and Silver in Slalom competing against racers representing literally hundreds of schools from across the province. Level Two fared almost as well earning a silver in the two disciplines with Rob Hambly and Mike Ligeti skiing to 4th place in GS and Slalom respectively.

# Nordic Skiing

Front Row: Mr. Adam Kowaltchuk Esq., Ryan Cole, Stefan Noel, Micheal Stockermans, Vello Keelmann, Mr. Keith Ramon Esq.

The ski conditions could not have been much worse this winter. We had 5 races on our schedule and 3 of them were cancelled. However, we go out on the snow as often as possible to practice and even though we did not ski nearly as often as I would like, this years team improved their technique faster than any team I have coached in the past. I was lucky to have skiers this year who were talented athletes and whose skills lent themselves to an endurance sport. Thanks to Mr. Ramon for all his help this winter unfortunately there is no MVP or MIP for faculty but if there was I would give an award to him. We have one athlete graduating this year, special thanks goes to Vello Keelmann for his efforts in the last two seasons and Vello make sure you keep skiing. I realize it is somewhat unorthodox but I believe all members of our team would agree that this years MIP and MVP are the same person. This athlete is a highly motivated and coachable young man who in his first season on skis dedicated himself to improvement and finished 3rd at the CIS finals; qualifying for OFSAA. I am looking forward to three more fantastic and successful years with Ryan Cole on our team.

MVP- Ryan Cole

# Church Parade

This year the Highlanders continued their annual tradition of the Church Parade. The cadets formed up at Branksome Hall, and although the weather was flawed, the cadets still put on a spectacular show. The kilometre long March from Branksome to the Church was perfectly done, even though their hands had almost frozen off. After the moving Service given by many members of both the church and members of the faculty, as well as members of the cadet corps. After this the Cadets formed up, for some would be the last time they made this march. Although the day was miserable the cadets were perfect!

01 Years of Excellence!

# Middle school art day!!

Fifteen artists from around Ontario spent the day at St. Andrew's sharing their outstanding expertise in their particular mediums. Each student chose different workshops to attend throughout the day, and all were taught new and exciting techniques and ideas.

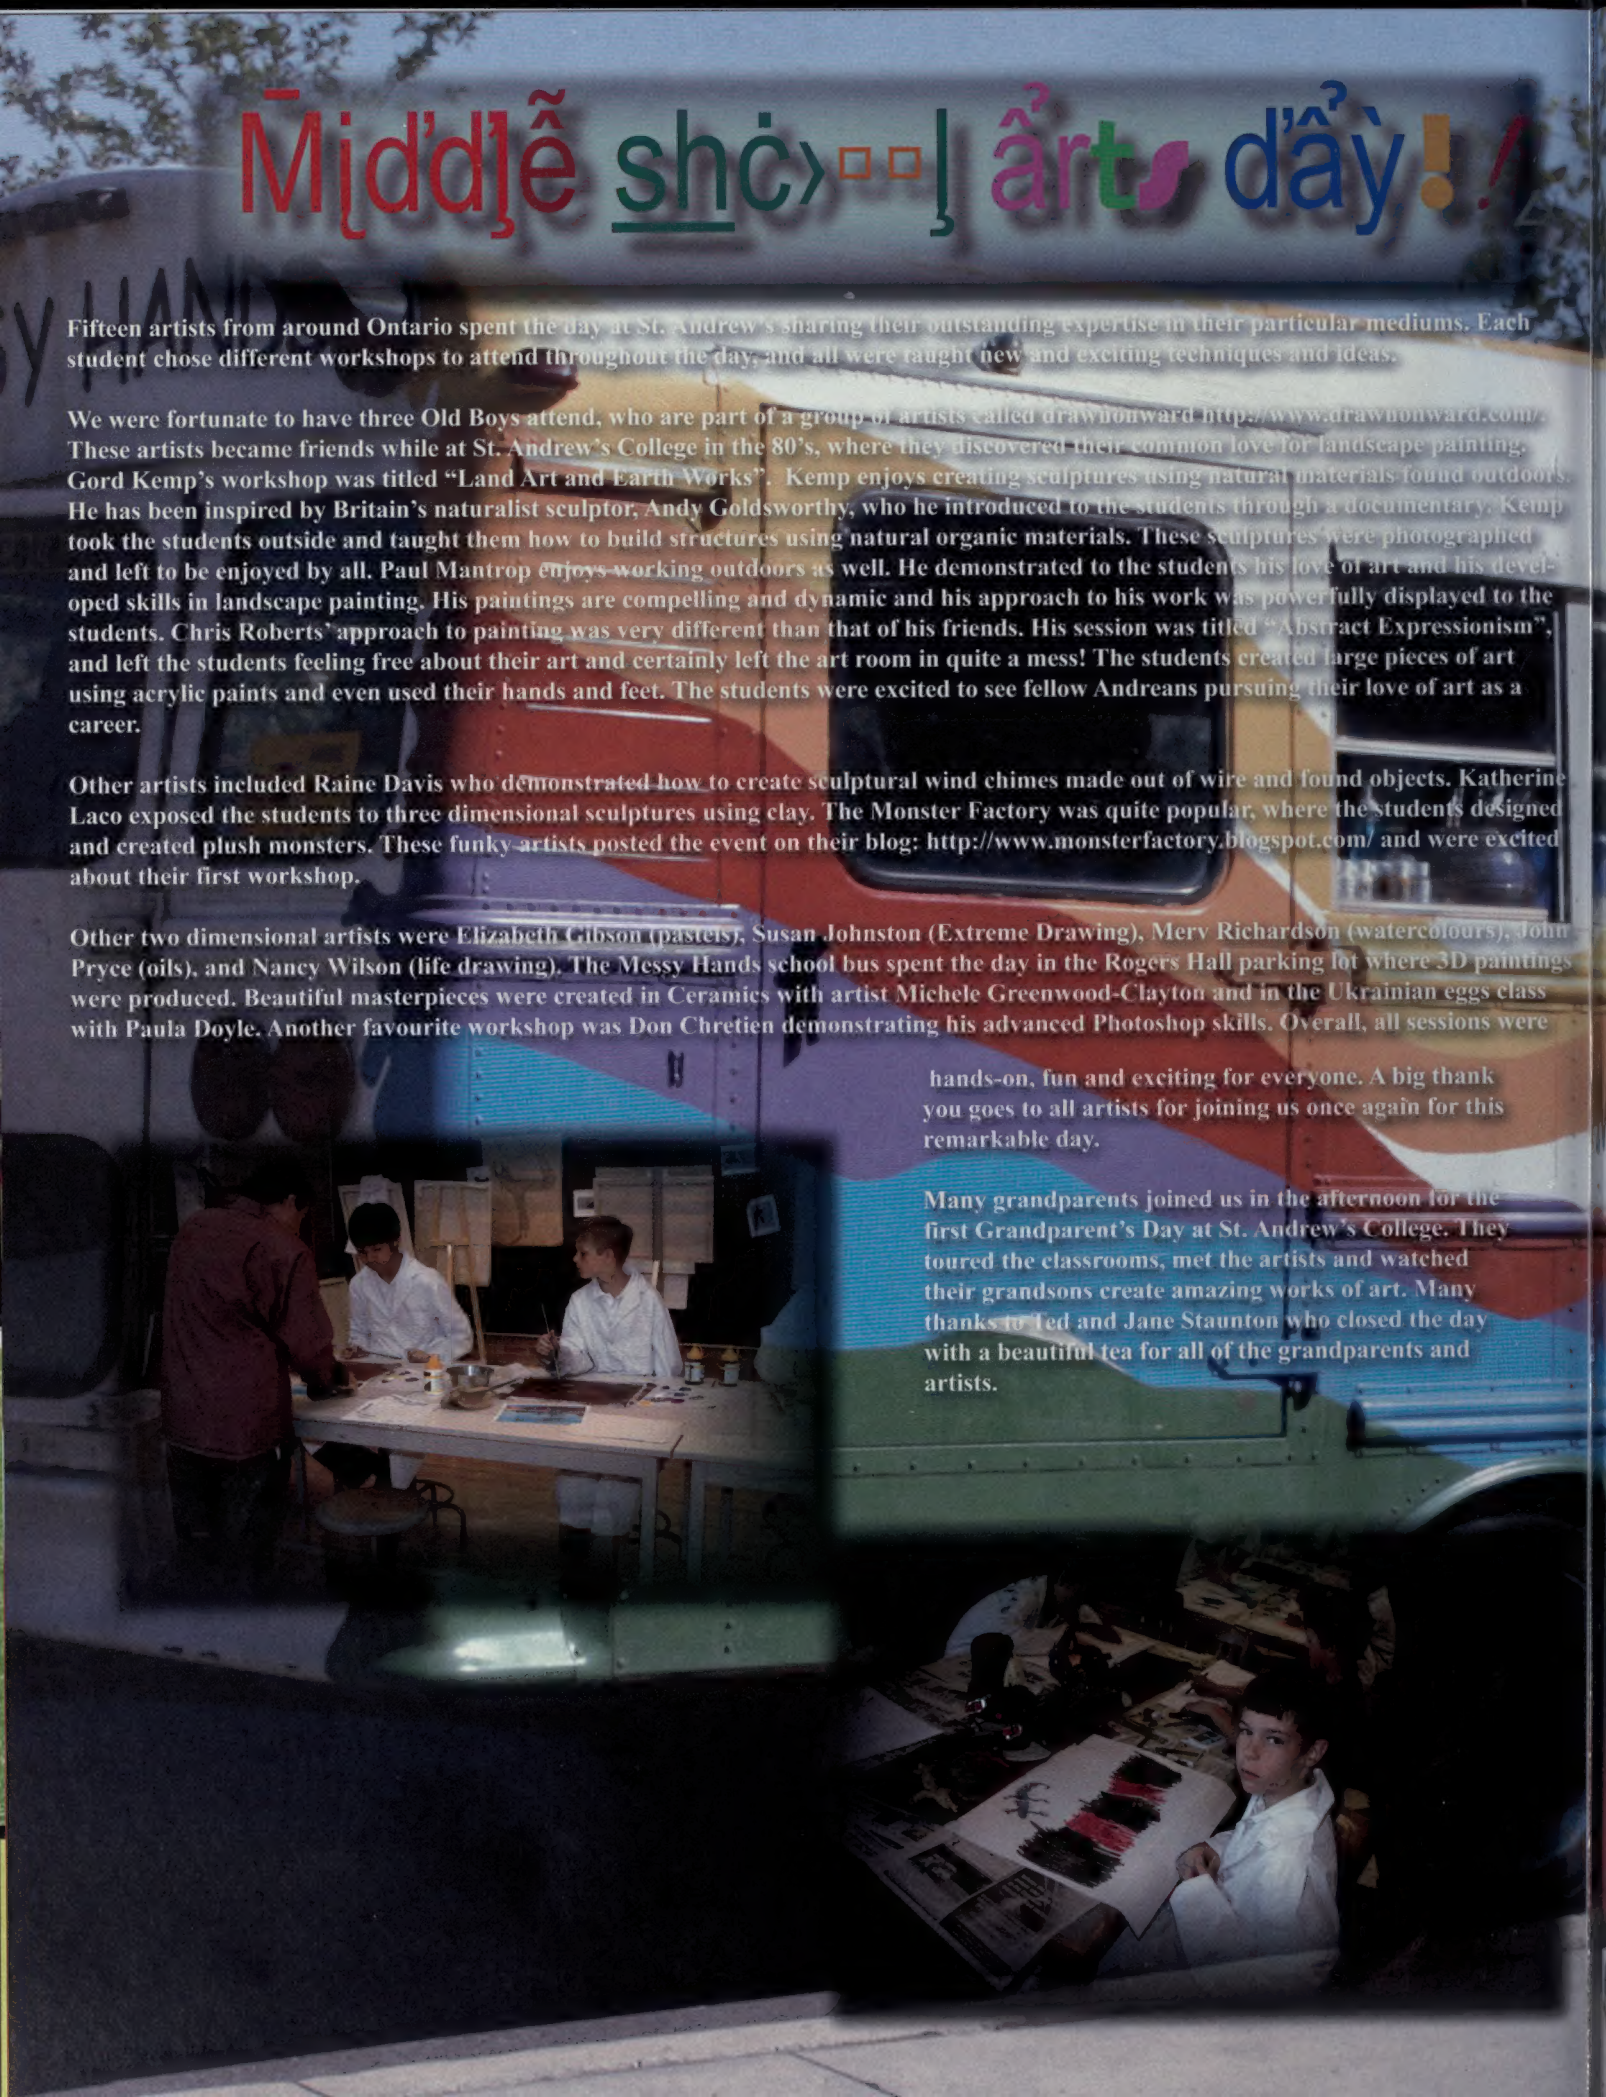

We were fortunate to have three Old Boys attend, who are part of a group of artists called drawonward <http://www.drawonward.com/>. These artists became friends while at St. Andrew's College in the 80's, where they discovered their common love for landscape painting. Gord Kemp's workshop was titled "Land Art and Earth Works". Kemp enjoys creating sculptures using natural materials found outdoors. He has been inspired by Britain's naturalist sculptor, Andy Goldsworthy, who he introduced to the students through a documentary. Kemp took the students outside and taught them how to build structures using natural organic materials. These sculptures were photographed and left to be enjoyed by all. Paul Mantrop enjoys working outdoors as well. He demonstrated to the students his love of art and his developed skills in landscape painting. His paintings are compelling and dynamic and his approach to his work was powerfully displayed to the students. Chris Roberts' approach to painting was very different than that of his friends. His session was titled "Abstract Expressionism", and left the students feeling free about their art and certainly left the art room in quite a mess! The students created large pieces of art using acrylic paints and even used their hands and feet. The students were excited to see fellow Andreans pursuing their love of art as a career.

Other artists included Raine Davis who demonstrated how to create sculptural wind chimes made out of wire and found objects. Katherine Laco exposed the students to three dimensional sculptures using clay. The Monster Factory was quite popular, where the students designed and created plush monsters. These funky artists posted the event on their blog: <http://www.monsterfactory.blogspot.com/> and were excited about their first workshop.

Other two dimensional artists were Elizabeth Gibson (pastels), Susan Johnston (Extreme Drawing), Merv Richardson (watercolours), John Pryce (oils), and Nancy Wilson (life drawing). The Messy Hands school bus spent the day in the Rogers Hall parking lot where 3D paintings were produced. Beautiful masterpieces were created in Ceramics with artist Michele Greenwood-Clayton and in the Ukrainian eggs class with Paula Doyle. Another favourite workshop was Don Chretien demonstrating his advanced Photoshop skills. Overall, all sessions were

hands-on, fun and exciting for everyone. A big thank you goes to all artists for joining us once again for this remarkable day.

Many grandparents joined us in the afternoon for the first Grandparent's Day at St. Andrew's College. They toured the classrooms, met the artists and watched their grandsons create amazing works of art. Many thanks to Ted and Jane Staunton who closed the day with a beautiful tea for all of the grandparents and artists.

# Middle School Music Night

**O**nce every year the middle school performs a musical masterpiece in front of parents and friends. The middle school band practices hours on end, to perfect a selected few songs. This event is always something to look forward to and is always an enjoyable experience for the boys and their audience.

# THAILAND

**A group of students and faculty from St. Andrew's College participated in a community service project and hiking expedition in Thailand during the month of August, 2005.**

The trip began with two days of site-seeing in Bangkok, followed by a week of community service work with the Vienping Boys Home (Orphanage) in Chiang Mai. During that week the S.A.C. boys and faculty had the opportunity to play games with 2-5 year old children from the orphanage as well as build a play structure for them. The next leg of the journey included a three-day hiking trek in the foothills of Northern Thailand during which time the group spent one evening camping in an indigenous hilltribe village. From there, the Thailand adventures continued with a two-day kayaking trip followed by a day at the Lampang Elephant Sanctuary where participants had the opportunity to learn about elephant care as well as ride the elephants. Finally, the trip concluded with three days of sun and relaxation on the southern Island of Koh Tao. - Mrs. Kowaltschuk

*To win is always desireable; but to win at any cost utterly defeats the purpose of the game*

Jon Butcher, XV Rugby Coach

# 1st Rugby

Undefeated at the CAIS National Tournament, the CAIS finals were a classic S.A.C. - UCC matchup. UCC defended well, but scored only a single penalty goal. Increasing pressure by your Saints saw the ball held up twice before, with no time remaining on the clock Paul Ross crashed inside for the winning score. Regaining the CAIS Championship was a satisfying accomplishment after being finalists the last two years.

The CISAA season saw us handily beat Appleby and Ridley, but TCS put up an excellent defensive game for the win. We were up 19-0 on UCC but allowed them back into the game for 24 unanswered points, then met them again in the CISAA finals where, in another excellent match with superb play by both teams UCC came out on top.

Our return to OFSAA was a great experience. Both A/AA and AAA/AAAA OFSAA were held at Fletcher's Fields and it was great to see the rugby on display - the calibre of high school rugby in Ontario excellent. We handily defeated the Bracebridge to make it into the Championship round but lost a very, very close match to GBSAA champs and eventual Bronze medal winners Park Street in the Quarter Finals.

**T**eam work. The basic ideology of all competitive sports. Without the ability to communicate to another member of your team, and the ability to encourage and in-still a passion in your fellow man, seasons cannot be won. It is the respect, admiration, and cooperation with whom you share the field of sport with that creates the 'perfect game', the game that no matter what you did, could not make your performance better. That is the ultimate goals of coaches and captains alike.

This is the principle that we wished to enforce during our season, and although many will stereotype us with our 1-3 record, no one will be able to comprehend what we managed to achieve at seasons end. The last game of the year against Appelby, we became a team.

Thanks to all those who partook in this year's U16 Rugby Team, and my personal thanks to Bryan Martins who missed the last game of the season. Good luck for next year.

MVP- Taylor Brown (Captain)

At the starting of the U14 Rugby season, the retuning players were expecting another developmental season. After a solid core of guys graduated from the team the year before, we had no idea what a talented team we would end up putting together and what a wonderful season we would have. Amazingly, we kept every single student who tried out for the rugby team and still managed to pull off an undefeated season and a CISAA Championship!! Our team was made up of several grade 6 students, who are sure to be future SAC rugby stars, a solid core of grade 7 students, many of whom were starters and will be a force to be reckoned with next year and a large group of grade 8's, many of whom had never played the game of rugby. There is no question that these grade 8's will continue on and play U16 rugby next year.

During the first few practices of the season, we could tell that we had some of the best middle school athletes on our team. With the help and guidance of our three incredible coaches, they taught us how to use our athletic talents to play together as a great team! They introduced many to the great game of rugby and without them we wouldn't have been CISAA Champions. Thank you Mr. Shrimpton, Mr. Prezents, and Mr. Kowaltschuk. Great season,

Nicolas Dentay MIP

Alfonso Cano MVP

# 2006 CISAA CHAMPIONS

#1 in CISAA  
#3 in Ontario

This year was an historic season for the Saints on the lacrosse field. Led by Captains Logan Hurst, Jon Thomson, Jayson Card, and Kyle Bergman, the Saints captured their first CISAA Lacrosse Championship in the team's history. The Saints kicked off their season with a successful campaign in the U.S., defeating numerous teams from across the state of Pennsylvania. Upon their return from south of the border, the Saints enjoyed further exhibition play, defeating Agincourt and placing second in the annual tourney held at St. Andrew's.

The team started off the championship season by simply obliterating the defending champions, Ridley. Although Ridley's offense was threatening at times, the defense anchored by Colin McCullough and Derek Cleary stepped up and shut down the Tiger's chances. A similar scene throughout the year saw the Saints offense overpower opponents through their superior talent and team play. The Saints used their opening victory over Ridley as a starting block and catapulted themselves into first place in the league defeating St. Mike's and UCC respectively. The team remained on their game throughout the season but took a slight step back with the injuries to Kyle Bergman, Joey De Athe, Colin McCullough and Nic Vangog. However, the Saints rallied together to finish 2 more tournaments and finish the regular season 5-1. In the semi-finals of the CISAA play-offs, The Saints once again met with the Ridley Tigers and handily defeated them 9-4.

The Saints moved on to the finals to play against the toughest opponent in the league, St. Mikes. We had a very boisterous crowd on hand for the final, and I believe that the enthusiasm and interest from those in attendance helped us to achieve our goal. In what was one of the most exciting high school field lacrosse games played in this region for many years, the Saints managed to keep just ahead of the St. Mike's team, in the end winning a very tightly played 11-9 game. Highlights for the game included some outstanding one-on-one plays by Jayson Card and Kyle Bergman, a few key goals by Joey De'Athe, Logan Hurst raising the goal twine on a number of occasions, complete domination of the draws by Jonathan Thomson in the second half, and an enormous legal body check by Derek Cleary delivered late in the contest. In the end our superior depth was the difference: we were able to win the game because we had so many offensive weapons in what became a shoot out. Congratulations to all for a hard fought win against a very worthy opponent.

The saints represented CISAA at the Provincial A OFSAA tournament and finished the 2006 lacrosse season as the #1 ranked team in CISAA and the #3 team in all of Ontario.

# U14 Lacrosse

MVP: Mike Brown MIP: Andre Goyo

**W**e had two small hiccups to overcome at the outset of this season for U14 Lacrosse: one was to find a new goalie and the second was to attract enough new players to a team that had scored only a couple of goals last year. Both problems were settled quickly and without bloodshed. Mike Brown and Hilmond Hui suited up as our brave goalies and 15 or so eager and fresh faced athletes rounded out the rest of the team. Much like last year we knew that this season was going to be a developmental team. We were up against much more experienced teams and our concern early on was to keep our spirits higher than the goals against. I believe we succeeded. We matched last years goals scored early in the season and from then on we looked for skill improvement and fun. Our season wasn't without its lows as our Captain, Mike Hergott, broke his arm, we suffered a few minor injuries, and a number of our sticks went missing. We were also disappointed in our last game being rained out. It wasn't the way we wanted to end our season. In the end, I believe we enjoyed ourselves and eagerly look forward to next year. Our MIP this year is Andre Goyo and our MVP goes to Mike Brown. Good luck to our graduating players, and we look forward to seeing our veterans return next year.

M.V.P: Sean Eng

M.I.P: Adrian Wu

# 1st Badminton

The First Badminton team had a very successful season. Despite being an extremely young team, they matured quickly and came together to display a strong showing at the CIS finals at Humber College. With two doubles teams and three singles players competing, S.A.C. accumulated three third place finishes and two fourths, which gave the team second place. Jeff Lui, our only graduating player, finished third in Senior Third Singles, while Adrian Eng and Sean Eng finished fourth in second and first singles respectively. Both our doubles teams made it to their respective gold medal matches and lost in very close games. Unfortunately, after coming up short in these close matches, they didn't have enough left for the silver medal match that followed. Congratulation to our first doubles team of Jonathan Si and Emerson Wai and our second doubles of Adrian Wu and Joseph Ng for their strong performance. We would also like to thank the other members of the team who were very diligent in the attendance and effort at practice. It was their hard work and constant challenge that forced everyone to improve their skills. The other team members were Alex Ji, Justin Oh, Nicholas Lee, David Jang and Jang Jik Lee. We are looking forward to having a veteran squad competing next year.

Back Row: Boris Lo; Adrian Lau (MIP) ;Michael Ying; Timothy Wong; William Hyung

This was a rebuilding season for the U16 Badminton Team. Team members were committed to following a disciplined program that resulted in noticeable improvement for all team players. The level of competition varies considerably in our league and while we dominated against some schools we did not have the experience needed to beat Upper Canada, St. Michaels, or Crescent. Our seasonal players compete against some of the best players in the country - National Team members. We look at this as a bonus, a chance to learn from the very best and maybe snatch a point or two - if you get lucky! It is usually the top single player (Chan Moon Park this year) who get to face these Kings of the game. I would like to thank all of the players for their commitment to this program, with a special salute to those six players who worked so hard all season but did finish as one of the top seven players who travelled to the final tournament.

-Marke Jones, Coach

 Front Row: Esq. Mr. L. Gurr, Arthur Wong, Scotty Johnstone, Spence Williamson, Mike Ferguson, Esq. Mr. K. McHenry

Following our successful 2005 baseball season in which we came one out from defeating St. Mike's to qualify for the provincial baseball finals in Ottawa, the coaches of the First Baseball team knew that this was going to be a rebuilding season. We improved each and every time we took the field. The team was a pleasure to coach. We certainly had more than our share of laughs this year.

Here are some highlights of our season:

Our "Spring Training" tour took us to Gilmour Academy in Cleveland, Ohio. We took a split in the games that we played, saw the Indians beat the Twins and had plenty of time to bond with one another. The trip was instrumental in our getting a jump-start on the season. A tough 9-6 loss to a very talented team from Newmarket High School in the final of the 2nd Annual S.A.C. Baseball tournament.

Two not so memorable parts of our season:

In the same game, having two of our players reach base successfully only to be picked off by the pitcher. Let me demonstrate how this happened....

Murray Kay's at bat during one of our CIS games. Before I elaborate, let me tell you that Murray was a fine addition to the baseball team this year. He quickly became one of our starting players. He was a solid contributor for the club.

Please allow me to set the scene during a tight game against UCC. We have runners in scoring position and Murray steps to the plate. The pitcher is struggling with his control so the coaches remind Murray to be selective at the plate.

Pitch #1 - the ball bounces in front of the plate and Murray takes a wild swing, almost cork-screwing himself into the ground. Coaches - "lay off those, Murray!"

Pitch #2 - a worse pitch that looked as though it was 10 feet out of the strike zone. Murray takes another wild hack at the ball missing it by a country mile.

Pitch #3 - for some reason, the pitcher lobs the ball over the plate - an absolutely perfect pitch to hit, right in the middle of the plate.

Murray watches the pitch go by while leaving the bat on his shoulder, the umpire calls the third strike and Murray returns to the dugout.

I ask Murray to have a seat beside me upon his return. I look him straight in the eyes (with the entire team listening) and said, "Murray, in my 15 years of coaching baseball, that was the absolute worst at-bat I have ever witnessed." Murray agrees and the entire bench erupts in laughter. To his credit, Murray ripped a double the next time he was at bat.

There were a number of outstanding individual accomplishments this season. Our baseball website has all of the statistics, etc. The website can be accessed by clicking on the Athletics link off the school's main site. We wish the best of luck to our players who are not returning:

Murray Kay, Matt O'Donnell, Spence Williamson, Mike Ferguson, Meher Sandhu, Scotty Johnstone and Arthur Wong.

We look forward to bigger and better things next year. The CIS baseball league continues to grow with a total of 8 teams represented next season. The future is bright for baseball at S.A.C. There is a solid core of players returning and we are aware of a number of new boys who will be joining the school in September with baseball experience.

On behalf of Mr. Biasi and Mr. Gurr, I would like to sincerely thank all of this year's players. You should all be very proud of our progress as a team this season. Through thick and thin, this team was truly a pleasure to coach. Thanks for all of the laughs.

# 1st CRICKET

The best word to describe the 2006 Cricket season was “frustrating”. A cold and wet spring limited the number of effective outdoor practices; injuries to key role players affected their play; critical mistakes at inopportune times during matches led to “draws”, instead of victories and a terrible umpire missed call cost the team a chance to defeat UCC at the Toronto Cricket Club.

In spite of these frustrations, the team finished second and captured a CIS silver medal.

As well, fun was had by all players and the coaches Mr. Staunton and Mr. Gomes enjoyed the constant repartee of the West Indian players.

Led by Skipper Nirushan Thambirajah and Vice-Skip Nitin Thakarani, this very young team improved each and every match. Abhinav Raina and Andrew Strauss provided excellent pace bowling, while Nameer Rizvi, Khatib Chowdhury and Nirushan Thambirajah added their own unique bowling styles.

Nadim Suleman batted very effectively all season, particularly during the T.C.S. match when he batted for 40 overs, not out. Meher Sandhu, Nitin Sandhu, Nameer Rizvi, Duncan Cole and Andrew Strauss were also very steady and helped fatigue opposition bowlers.

Great improvement was made over the season by Gordon Gray, John Hopkin, Alex Conolly, and Hamad Mirza. As returning players, they will form the core of next year’s team.

The team would like to thank, in particular, Rupert Gomes, whose batting, bowling and fielding instruction was invaluable, Angad Kahlon, our dedicated scorer and the S.A.C. Grounds crew who worked tirelessly preparing the new cricket wicket at St. Andrew’s.

- Mr. Staunton

MVP - Pierce Cassidy

MIP - Tyler King

Back Row: Esq. Rob Giel, Pierce Cassidy, Tyler King, Matt Cho, Alex Tang  
Front Row: Dustin Chong, Thomas Tripodi, Christian Kieller, Corey Morrison

Both the junior and senior golf teams practice together and play in league play on the same challenging courses. This year we competed at Angus Glen, Peninsula Lakes, Willow Valley and St. Andrew's Valley with the final tournament taking place at Black Bear Ridge. The junior team finished tied for 9th place out of 16 teams. The senior team finished in 7th place out of 15 teams.

This was seen as a developmental year for both teams and we hope that the experience will make us more competitive in the years to come.

The highlight of the season for the senior team was finishing 3rd overall at the St. Andrew's tournament. Pierce Cassidy our captain and Jamie Seymour, as a result of their play at St. Andrew's Valley, Pierce shooting the 2nd lowest round of 73 and Jamie shooting a 78, were both in the running to represent the league at the Ontario championships. Unfortunately, they were both edged out at Black Bear a week later.

Back Row: Lucas Boyd, Esq. Mr. B. Kitigawa, Ryley Begg  
Front Row: Mark Jenkins, Clark Rabbior, Michael Zhang

MVP - Ryley Begg

MIP - Mark Jenkins

The MVP for the junior team, the player who consistently had one of the lowest rounds on the team all season is Ryley Begg.

The MIP for the senior team who made great strides from the tryouts until the final tournament improving his stroke play by 5 is Tyler King.

No surprise to anyone, the player who lead the team for the complete season with an overall average of 80.6 over 5 tournaments, for the 2nd year in a row is the senior MVP, Pierce Cassidy.

# JUNIOR GOLF

 Absent: Devon Mok, Henrique Barbone

Varsity Tennis had an up and down year this past term. It was hard preparing in the early part of the season as inclement weather setback any possibly training time that would have allowed us to get decent start in the season. Unfortunately, much of our competition were training indoors during late March and early April when the weather was bad which gave them an upperhand. Our year took an unexpected turn when Coach K left our team. It was tough to lose our hard working coach who had been there practicing with us since day 1. Our thoughts and prayers were with her and her family every time we stepped onto the court and we wish her the best of health in the future.

We ended off the season with a 2-3 record and qualified in the 4<sup>th</sup> and final playoff position in our division. Due to our position after the regular season, we received a tough first round draw vs. undefeated during the regular season Crescent. It didn't help us that on championship day, our bus went to the wrong club and ended up arriving over 1hr late. Although we had some close matches, (gr. 7 Leon Vertiz and Viren were up 7-5, only to lose a hard fought match 8-7 in a tie breaker, and bean coming back from a 5-0 deficit only to lose 8-5) we all lost first round matches and even though many of us went on to win our next two matches, losing in the first round did not allow us to accumulate as many points as we would have liked. Our placing during the year was not reflective of the quality of team as we had beat teams that were ranked ahead of us at the final tournament. We ended up placing 7<sup>th</sup>.

Carlos Mejia - MIP

Viren Ratnaswami - MVP

Back Row: Cameron Oram, Ryan Carlisle, Liam Morrison, Ryan Ball, David Lee, Ryan Cathers, Chao Li  
Front Row: Mr. T. Paolini Esq., Javier Marquez, Alex Culp, Warren Lau, Scott Munroe, Scott Christopher, Mark McLean

There's something about Spring and Tennis, that seem to go together well, because it seems that every year, as I reflect back on what happened, I feel like: "Wow! That was a lot of fun!" This year was no exception. We had a great season! We are not considered a powerhouse in tennis. We usually finish in the middle of the pack. This year, by the end of the season, we were ranked #3 behind Crescent and UCC. We lost to both of those teams by a score of 4-1 in regular-season play. The Finals this year were organized as a round-robin tournament, where every team plays all the other teams. I think this is the fairest method but it makes for a long and hard day. Our first match was at 8:30am, and the last finished at 6:00pm. As expected we fared well against most teams. By late afternoon we were still unbeaten, however there was still UCC and Crescent left to play. And this is where the magic happened. We ended up beating UCC 3-2, and ended up losing to Crescent 4-1. However, two of the games were lost by a score of 6-5. Had we won those, we would have finished first! As it was, out of 8 teams we lost 1 match, and won the Silver medal. This is only the second time ever we have won a medal in tennis, and I am very proud of my players for what they achieved. It was a special! Thank you!

MVP- Alex Culp MIP- Ryan Ball

SPRING  
TENNIS

Back Row: Sean Smith, Matthew Wong, Ms.M. Pelc Esq., Devin Cassidy, Austen Eagleson  
Front Row: Kyle Barber, Ben Fockter, Alex Harris, Andrew Pacione, Ryan Rogers

MVP- Andrew Pacione

MIP- Sean Smith

Rain, cold, wind and more rain marked the beginning of this tennis season. After a disappointing loss at UCC at the beginning of the season, the team managed to hold it together and win and tie some meets later in the season. In the finals, we managed to come in fifth, mostly thanks to the undefeated dynamic duo of Alex Harris and Andrew Pacione. But perhaps one of the team's greatest accomplishments was getting through the worst bus ride ever on the way back from the meet. This season's Most Improved Player is a rookie who just started to play tennis this year. He never missed a practice or match and he eventually worked his way up the ranks to the second doubles team. Congratulations to Sean Smith.

Choosing the MVP was difficult this year because of the talent and dedication of so many individuals. One athlete, however, did stand out from the rest. This tennis player never missed a practice or meet and was always on time. His technique was solid and he always exhibited good sportsmanship. A quiet leader and natural athlete, congratulations to Andrew Pacione. Thank you for the great season!

# TRACK & FIELD

There was a good group of guys which turned out for the team this year, who did their best to train through all of the distractions that the third had to offer.

I would like to thank the veterans of the team that will be graduating out this year; Jeremy Slessor, Luis Meneses, and everybody's favourite training partner and coach the GOOD Dr. WENK! (get him to stand up and bow/wave to the crowd)

As far as the season went it was not our strongest, but there were excellent performances attained; at the CISAA Championship meet there were several individuals which finished in the top four and qualified for the metro championships; they were, in the senior boys division Josh Hanson in the long jump and Alejandro Ibarra in the high jump. In the junior division, Stefan Noel won the junior boys 400m and was second in the 800m and Aron Kwok in the triple jump. And finally, Jason Durst in and the midget boys' long jump, high jump, and triple jump.

At the Metro Region OFSAA qualifiers the highlights included Stefan Noel finishing 6<sup>th</sup> in the 400m and second in the 800m which earned him a berth to the OFSAA Championships in Etobicoke tomorrow.

Josh Hanson finished 6<sup>th</sup> in the long jump with 6.21 m, his personal best.

Alejanro Ibarra finished 15<sup>th</sup> in the high jump and matched his personal best.

And the stand out midget was Jason Durst who set personal bests in 2 of his 3 jumping events.

We the coaches hope for more of these successes next year.

The award winners for this year are: Midget MVP – Jason Durst

Junior MVP – Stefan Noel

Senior MVP – Josh Hanson

- T.

Back Row: John MacDonald, Gerry Guo, Luis Meneses, Sean Lee, Alejandro Ibarra, Ignacio Ochoa, Stefano Pons, Josh Hanson

Front Row: Arthur Wenk, Pirathap Loganathan, William Samson-Doel, Andrew Chan, Harrison Jones, Aaron Kwok, Bryan Lee, Woo Jin Jang, Nick Tsioros

Midget MVP – Jason Durst

Junior MVP – Stefan Noe

Senior MVP – Josh Hanson

# Grads

I have been at S.A.C for two years now and a member of Memorial house for those two wonderful years. I have to thank Mr. & Mrs. P for their support both in and out of the classroom, and again on the ice. Thanks to sports therapy team for their tolerance of my many accidents. I have been fortunate to play on first hockey for both of these years, as well as the soccer team. Although my only regret was having Slessor write my Grad Comment rather than writting it myself; I love Slessor.

**RUDY ALLEN**

I have been a member of the S.A.C. community for the past four years and have put forth very littl eeffort on the sports fields but have always enjoyed playing laccross. Mr. Stewart was my favorite Canadian History teacher until I had to drop the course, however i did win the F-18 hornet shirt in Mod-West! Although my only regret was having Slessor write my Grad Comment rather than writting it myself; I love Slessor.

**TYLER BAGWORTH**

My stay in St. Andrew's has been brief and somewhat enjoyable. I therefore feel indebted to all those who made this journey worthwhile: my colleagues: Mr. Scoular and Mr. Halstead, for always giving credit to their students for coming to class; and to my parents for their support and patience. I wish everybody in year 12 success in the future.

**HENRIQUE BARBONE**

I have been at S.A.C. for the past four years and came in just as my brother was going out, either way, when I wasn't in the weight room working on my fguns I could be found on the basketball courts. Pierce, all i need to say is "Viren" Although my only regret was having Slessor write my Grad Comment rather than writting it myself; I love Slessor.

**JULIEN BENHAIM**

Nicknames: Debo, Ton, Nig, Nigger, Nygga, Darkness, Boobie, Nappy Roots, Buckwheat, Oreo Activities: First Football (3a) and First Rugby (3a), Focus Sayings: look at this their racist, is it because I'm black, what it is?, chyoo, I put fans in the stands, no I am not ridng my brother coat tails, "Let's call it Swamp...Swamp Donkey" First, things first you know how us sophisticated African-Americans do, we got to give our shout outs. First, I'd like to thank my family. Mom, first I would like to thank you for having me and going through that severe pain. You've been pushing me ever since I was younger, to strive for perfection. At this point, I can now say perfection has been accomplished. Dad, I would like to thank you for laying down the law. If it wasn't for you coming down so hard on me and making sure I was successful with my academics and football, I wouldn't be where I am now. DJ, since I was born, you have been there for me and have had my back. I want to thank you for that, teaching me right from wrong, you are my keeper. Shrimp, I would like to thank you for going to bat for me when I needed it and helping me through my career here, both on the field and off. Keep the program running strong and make sure they know the true meaning of S.L.L.V.E.R Now to the boys, all of you that have come and gone since grade 7, we've had many memories, way to many to share in this comment but they will always be remembered. Even though, we are all going our separate ways, we better stay in touch NYGGAS! ha Ladi, Leke, Neil, Bergman, Gron, Cheese, Jacobsen, and Hennick hold this place down in your last year and live it to the fullest, you know what I'm talking about! J-hop, keep doing your thing, you got a couple years left and I know what you think. Hold it down while your still hear, keep out of trouble son with your grundle berries and your saturated fat cause Mommas in da club and I'm signing to M.I.D.C. To anyone I forgot sorry, but thank you for helping me though my six year here, it's been great experience thank you. I GRADUATED OUT THE HOOD PLAYA.

**ANTON BENNETT**

I have been at SAC for seven years now and have loved every minute of it. When I came in grade 6 it seemed like a magical place of fun. There was always something to do, whether it was morning chapel, hide and go seek in the locker rooms, bagpiping somewhere on campus or sports after school. This place has clearly molded me into a complete man and a well rounded citizen. But most importantly I have built and maintained strong relationships with upstanding citizens that will be there for me through thick and thin and will always help me stay on the right track. Through the years I have seen six other classes graduate with smiles on their face and now I can see where these smiles came from. It is because just like I did, we all completed another chapter of our books on Prize Day and we get to start a whole new chapter where our limits are endless.

## MATTHEW BROWNING

**Activities:** Ramsey Head of House, Andrean Life Council, Varsity Football and Varsity Rugby, etc. [Next Year: Studying Biology at York University.] The past seven years at St.

## ADRIAN BRUNO

Andrew's have been indescribable. S.A.C has been a huge factor in contributing to who I am, I came to S.A.C in grade six when I was only 10 years old, so you can imagine I've spent almost half my life here. It's definitely been the best of times and worst of times. I can't imagine my life without St. Andrew's. I've learned so much, experienced so much, grown so much. I'd like to thank my friends (Arthur "your cool", Jared "Fruct", Finelli, Vello, Julian, Ehler, Porter, Maguid, Simpson (a.k.a Karen), etc) and everyone who has accompanied me on this long trip. The memories will definitely last forever, whether it be learning how to play basketball in middle school or playing rugby and football in the upper school, or "studying" with friends for a bio test. I happily look toward our reunions and the many enjoyable things to come. I want to congratulate the entire graduating class for making it through high school and I wish them all the best in the future. To the students reading this my advice to you is to participate in everything St. Andrew's has to offer and do so until your last day at the school do not start to slack just because your in your last year.

**Nickname:** Campbell, tc, Soupy. Participated in: 1<sup>st</sup> Football, 1<sup>st</sup> Rugby, Midsummer Nights Dream

## TAYLOR CAMPBELL

In my time here I've faced amazing triumphs and crushing defeats, each helping me define myself as a person, along with the people in our daily lives. One thing we all knew coming in from the beginning, we were a generation of younger brothers, the face of St. Andrew's before the new faces appeared. We are the end of that generation, the last runoff of an era involving the teachers who taught our fathers, and the trophies featuring our brothers' names. It is our end, and ultimately the end of another era and the beginning of a new one for St. Andrews. One far and foreign from what we knew, whether we agree with the inevitability or not. Though we've seen change, one thing however will not change, for those lasting into the fruition of our maturity, 'we in it shall be remembered, we happy few, we band of brothers.' Concluding with a cliché like, 'St. Andrews will never be the same without us,' would be redundant, however we all know the truth in it. Thanks for all the memories guys, you know who you are. "Never take life too seriously, you'll never get out alive"

It seems like yesterday that I walked through the gates for the first time. Although my six year journey has come to an end, the six years in between my entrance and exit from St. Andrew's have been the six greatest years of my life. Highlights over my years include: Elected Middle School Council, Elected Middle School House Captain, Captain and MVP of First Golf in both 2004-2005 and 2005-2006, and Elected School Prefect. If there is any advice I can pass on to those who may stumble across this grad comment in years down the road, simply put, make the most of your time at St. Andrew's. Your days and weeks will be so busy at St. Andrew's, that you will not truly appreciate how lucky you are to have a school like this, until your time comes to leave. I would just like to thank my parents and family for all their love and support. I would like to thank my advisor for sticking with me through thick and thin Mr. Ryan. I would also like to thank teachers such as Mr. Scouler and our Headmaster Mr. Staunton for staying behind me during my entire career at SAC. The best six years of my life have come to an end, but hopefully the future holds many more in store.

## PIERCE CASSIDY

**CHAI, Kevin, Gyuho or whatever,**

2003-2006, Memorial house, SACKA, ER, gatings, detentions, demerits, squash, soccer, lights out, so-ju, pizza night, Pepsi, Wonderland, String

Ensemble, CISMF (never been there), slacker!, North York, Richmond Hill, long weekends, Distortion Project, Focus, Coffee House, recording, Cadet Formal, After Parties, dances, Korean BBQ, Cadet, Inspections, Pipes and Drums, Tenor Drums, Parades, Homecoming, the Steps, Mr. and Mrs. P, snow fight, indoor soccer, b-ball, Mont Tremblant, skiing, Poker, Texas Holdem, Go Stop (recorded), Starcraft, Dota, CS, so many skippings, breakfasts, chapels, chocolate bagels on Wed, Jack Daniels, alcohols, MS Original, graduation, driver's license, Toyota Camry, James Lee!, Exam period, movie, The Revenge, Kyosan, Universities, SATs, school foods..., cooking!, guitars, summers in Korea, and etc. Time really flew in this school. Even though I used to say I hate this school, I will never have this kind of experience again. SAC was the beginning of your future, where you are now! So wherever you may be in your life, just don't forget your past. and... SCHOOL'S OVER! ASSA JO KUN HA !! :D

## KEVIN CHAI

I came to st. andrew's college when I was grade 10. Time flew by really quick. I made a lot of friends throughout the years. I have to admit that this is a very tough school, but this place is such a nice environment. All the people here are friendly, and the teachers are all willing to help you whenever you needed help. This school will be in my heart forever. It's not just a school, its a home.

## DEREK CHAN

My name is Dennis Chang. I came to S.A.C and has become a Sifton boarder until my graduating year. In between I spent half a term during my grade 11 year at Macdonald House as a House Captain. In my grade 12 year, I serve the school as one the school Prefects. Since grade 11, I've been a member of 1<sup>st</sup> Volleyball (Captain), 1<sup>st</sup> Basketball, and 1<sup>st</sup> Baseball. S.A.C has given me countless memories and knowledge inside and outside of classrooms. I can say this school is the most memorable and exciting place I've been in my life so far. I will miss everything at S.A.C except for the dining hall food. I have to say having the same food for 4 years is quite difficult. My parents tell me the friends you make in high school will be the closest friends you'll make in your life, now I understand why. I will miss all of you, and good luck next year! I can leave this school and proudly say that I am an Andrean!

## DENNIS CHANG

The strategies I learned regarding leadership, academics, overcoming objections and keeping the balance of my life have been invaluable. I came to this school feeling many doubts and concerns that I was headed for complete failure, but after these fours years I have more confidence than I could ever dream of. I have appreciated the opportunity going to St. Andrew's college, it has shaped what I am now. I will never forget the friends I have here, as well as cadets and chapel. Reflecting back a little on what these past four years of St. Andrew's College have meant for me, I realized that coming to St. Andrew was a wise decision.

## ANDY CHIU

We all work to leave a legacy behind - a name, a myth, anything that will set us apart from the ordinary. It's amusing to think that this one paragraph will sum it all up and tie it all together, thus I find myself at a loss for words. SAC has been more to me than just a school. It's what I can safely call my home - a place where I have worked, eaten, slept, and lived for the past three years. In these three years, I have gained invaluable friends, remarkable teachers, and life changing moments that will never occur again. Porter, Ehler, Simps, Dus, Juice, Ben, Maguid, Finelli, EK, Smurf, Laing, Sless, and the big Zo, I'm truly going to miss my good friends that have made SAC what it is. Most importantly, to my family who has worked to make all of this happen, and I know I don't say it enough, but thanks.

## MATT CHO

4 years already passed? I cannot simply believe that..... I was only a little boy when I entered this school. SAC changed a lot over 4 years as I change in body, spirit and mind. My first memory in SAC is seeing my first roommate Jason in the room playing Starcraft with his cousin. Yeah... What a memory.... Anyway he is still my roommate and bothering me so much while I am writing this comment. Since beginning of my Andrean Life, I was in Flavelle. I think being a Flavellian is the best preparation for University (if you know what I mean by that). Thank Mr. Perwone for great food in kitchen. Thank Mr. McCue and Mr. Burton for keeping Flavelle the best house. Jason, Jared, Vello, Jeremy, John, Darryl, Ping, Maguid, Tang, Justin (both of you), Max, Adam, Tony, Spencer the tree, Jesen, Jeff, Meher, James, Johnny, Sameer, Ferg, Kevin C, Kevin L, SungJun, Sean, JunYoung Hyung and more! I will miss all of you, especially that GP we had lol. Farewell SAC, I am not SAC student anymore but an old boy.

## HAN CHOI

As the time to depart slowly arrives, memories of the first days of school flash back so often. It's been one long, tough road but also a rewarding one. I thank my parents for giving me the opportunity to be in this environment because not only did it help to build my character but to also create memories that will last a lifetime. This experience has been a life lesson that can never be taken away.

## DUSTIN CHONG

Two years ago I entered the gates of St. Andrews College, with a thought that the next two years of my life were going to be hell. I was under the impression that SAC is a very strict all boys boarding school. However my two years at this school were not as bad as I thought it would be. At SAC you are given very little free time because there is always something going on, this meant that I hardly got bored. During these two years the main thing that kept me alive at school this were the good friends I made, and these people have made my life at SAC much more enjoyable. A few of my good friends are, Quinton, Spence, Aditya, Morgis, Thompson, Louis, Iniaki, William, McArthur and Luther. At this school I have had some good memories and some bad ones, but one thing is for sure SAC has made an impact in my life and I don't think I will ever forget the lessons I have learned at this school.

## KHATIB CHOWDHURY

The past four years of my life at St. Andrew's College have been the best four years of my life and I can not believe it is over. S.A.C is a very special place and has provided me with the experiences that I could not have had any where else. Without it, I would probably have been a completely different person with different views of life. I would like to thank my advisor, teachers, and friends for being there for the last four years. The friends I have made will always be a part of my life. Lastly, I would like to thank my parents – without their sacrifices, I would not have been able to attend such a great school. The memories and experiences will remain with me forever.

## LAWRENCE CHU

I have been at the school for so long I lost count of the years, but what I can remember is being a member of the debating group as well as captain at one point or another. I was never really a big star athlete, but at least I can say I tried and that is more than what most people can say. Thank you to my parents and my teachers and my friends for their support and advice throughout the years. Although my only regret was having Slessor write my Grad Comment rather than writting it myself; I love Slessor.

## JESSE-ROSS COHEN

There are many things that I can say about St. Andrew's. It has made me who I am today, and the following are some of the best memories I have of the best 3 years yet. Sailing and fishing are by far the best past times for the three musketeers, at Kernel mustard's crib, with Jimmy teaching us the ways of life. Other than that, I had quite a few meetings with the troll army from the dirty south in O-Town, which have also been interesting over the years. The good times: Legit, Deeeeee, My Bad, F it, The Captain, Double Cale - blows my mind, unreal, Brown!, Friends, Going for Ice Cream with Soccer Mom - who desperately needs to stop cradle robbing, The pizza from Heaven, Ghost Hunting with L-D, the \$473 pick up, Emo, Moose, MEMORIAL 210 - Good Times, And the ladies... Grey Goose, Malibu, Coors, Canadian, Corona, Lambs, Bacardi, Molson, and Alize(oh how I love the ladies), the cottage, Biking on the 24, and many more good times that have yet to come. Thank you SAC, for making me the man that I am, and such a disciplined young man at that.

## ERIC CUMMING

6 years of SAC. 6 years of development surrounded by the staff I will always remember trying their hardest to transform me into the complete man, the well-rounded citizen. How can I begin to express the hundreds of the specific acknowledgment I'd like to give. From my first year at SAC on the CISAA winning U13 soccer team coached by Mrs. Hughes-McGuinness, to my last year filled with hours spent deciding the road ahead in university counselling, I will never begin to forget how this school has affected my life. To Mr. McCue, my advisor, teacher, and general mentor through-out my career, I'd like to give an undying thanks for being their for me, giving me advice, and always helping steer me from trouble. To Mr. Kimmerer, you've been a worthy adversary. My friends, this journey was best spent by your sides, and as I have gone through the stages beside all of you, I have watched you all develop, conscious of it or not. I think that all of you have changed for the best, and it has brought us all to have very strong friendships. Though I have enjoyed the time spent at SAC, there are certain things that I will be happy to leave behind, and I feel that SAC has made the high school experience all that it could be, and no public school could ever compare.

## ANDY DALRYMPLE

feelings and all

I came to St. Andrew's as a young boy and I will leave as a man. I've been provided with some great teachers throughout the years which allowed me to learn valuable lessons from my teachers and always enjoyed the company of my peers. I've played on both soccer and swim teams every year that I've attended the school. Of the many thing that I will miss at this school, I will miss my school mates the most. I'll miss T's Exercise Science class, Thorne's Chemistry and Wenk's Data Management. Using the knowledge I have gained throughout my years here, I will continue to university where I will hopefully be successful. Last but certainly not least, I will like to thank my parents for providing me with such a great opportunity.

## CHAD DAVIS

Nickname: EK, Eaton  
Activities: 1<sup>st</sup> Skiing (2), 1<sup>st</sup> Cricket (4), 1<sup>st</sup> Football (1), Floor Captain, Drama, FOCUS, Captain, Scholar, Model U.N.

## MATTHEW EATON-KENT

From Homecomings to Prize Days, from fall to spring, Flavelle and St. Andrew's has been my home for the past four years. There have been good times and bad times but the good times have far outweighed the bad. I would first like to thank my parents for giving me this amazing opportunity because who knows what I would be doing if I wasn't at SAC. I would next like to thank Mr. Staunton for running such an incredible place and to Mr. McCue for making Flavelle a home. Peace to firebox, t-munny, stone, ross, p-dawg, hursty, dean, fergs, thomps, cho, campbell, juice, fatty and all the other fallen Andreans... the parties and the sober times too... master tapper I have had an amazing four years, from all the skipped chapel and to the late night trips, and I am ready to move on but sad to see my time at St. Andrew's College coming to an end. Party like Kate Moss and Peace.

Activities: 1<sup>st</sup> X-Country, 6 yrs Soccer, 7 yrs Alpine Skiing, Investment Club, Photography, 7 yr Club, Gumball 3000,

## DYLAN EDMINSON

Spending 7 long but what seemed very short years at St. Andrew's has been quite and experience. I don't know how on earth you can sum up all this time in such a small amount of words. I guess I will start with the things I'll miss the most: Playing on the soccer fields year after year on every team but 1<sup>st</sup>, Homecoming, The McPherson AP when the ninjas showed up was pretty good too. The thing that I will miss the most will be my 7 years on the ski team, 4 of them on 1<sup>st</sup>, there was something about waking up at 5:40 every Wednesday morning heading up to Collingwood with all the other independent schools, racing and skiing and relaxing in the lodge while our fellow Andrean's were stuck in the classroom. Going to OFSAA year after year and bringing home anywhere from 1 to 4 gold medals each time was amazing. It's really the only thing I will really miss at this school but the whole experience has been something that words cannot describe. I never though I'd ever reach graduation, it seemed so far away in grade 6, but here I am. "It's not my work ethic, It's my ethics of work."

It's been 5 years of St. Andrew's, and it's all coming to an end. Unfortunately, I don't think I came to the realization of just how much the school had to offer until the last few months of my graduating year, but I realize now that St. Andrew's has shaped me, and prepared me well for the future that lies ahead. *Oliver* in grade 8 was a great way to kick off my SAC career. I took part on some great trips here, from the Battlefields in France and Belgium, Scuba Diving in Bonaire and HACIA in Panama, all amazing trips and some times I will never forget, to those members on the trips, thank you for making it what it was. I've been provided with some great teachers throughout the years such as Mr. Halstead, who taught me the importance of language and the rewards of travelling, and Mr. Te Bokkel, who instilled a work ethic in me that I will carry on through university and beyond. I'd thank you all if I had the room. I made some great friends here, who have stuck with me through the good and the bad; I've spent countless hours around the campus, countless number of dollars on going out to lunch and created memories I will carry with me for the rest of my life. Thank you to everyone who has influenced me through the years, it was a blast.

## TYLER EHLEH

Nickname: Fergs, Feegs, Balls McGinty. Participated in: U14 Hockey Coach, Varsity Baseball, First Weight Training (Captain), First Mario Kart (Captain), Prefect, 3 Scouler Productions, FOCUS, Dept. Lead Tip in drum corps. Favourite Sayings: Ok no, how about you give me your wallet and we'll call it a day, I've got it...FIRE, and then I threw down the hat! Where's Spence? Seven years...time flies. I can remember coming to SAC riding on the coattails of my older brother Rob who had already established himself, it took a lot to get out of his shadow but I think I have made a name for myself at the end of my SAC career. Being a member of the first Grade 6 class ever made our year a special one. Growing up with some of my friends like Johnstone, Burke, Browning, Bruno, Edminson, Tung, Muir, Thompson, Leslie, Juice, and Hurst have been experience I wouldn't trade for anything, these guys are my brothers. First off, I want to thank Pierce and Benhaim for keeping me thoroughly entertained all year, Spence for our constant trips to Subway. The Prefects, we ran the school this year, and pretty much anyone who's ever laughed at my jokes, you guys are all my brothers, and I'll miss every one of you. We've all grown over our years, well, mentally at least, maybe not physically, but there were a few people I have to thank. Mr. Kyle, grade 6 was rough, but you taught me how to survive here, thank you, Mr. Halstead, you got me interested in geography and was always good for a laugh, thank you. Mr. Josselyn, you got me through math two consecutive years, not an easy feat, and you were also a dynamite prefect advisor, thank you. Mr. Myrans for showing me that school can be interesting, and for opening my eyes to many issues in the present and the past. Mr. Stewart, you were my advisor, I coached with you, you taught me 3 courses over my career here, we went to Europe on the battlefields, and you were a friend, what else could I say? I owe much of my success here to you, thank you so much. Finally I would like to thank my parents and my brother, you had to deal with me over 7 years and there were times where I just wanted to snap, but you were always there to help me. SAC is something you have to experience, and although SAC is changing, and in many aspects not for the best, it was still one hell of a ride. Boys, thanks for the great times, and good luck to you all in university. Peaaaaaaace

## MIKE FERGUSON

As I reflect on the four years that I have spent at St. Andrew's College I have nothing but fond memories... of course that's because of the amount of effort Mr. Kimmerer will inevitably put into repressing my thoughts and opinions. As I write this comment, myself and the communications "class" are currently being detained against our will in the art lab. So here it goes. I'd like to thank my parents for all the sacrifices they have made in this investment towards my future. Thank you to all the people who made this a bearable experience. I'd also like to thank all my sports coaches as I firmly believe that I learned more on the field than I did in the classroom.

## ANDREW FINELLI

It was a hot July when I first laid eyes on the grand chapel, the soft green quad and the far fields of St. Andrew's College. I was a below average student in all aspects before I entered the gates on my first day. Since then, so much has happened, so much has changed in my life. I am eternally grateful for the teachers who pushed me hard to become a better student, a better athlete, a better person. There have been times of laughter, like getting soaked by cola (thanks to a hockey player and someone's stubborn judgement) - or secretly smuggling red trays out of the dining hall to ride them as sleds in the wintertime. There have been times within the walls of SAC that I struggled, times that I succeeded, times that I doubted and times that I believed. Here at the end of it all, St. Andrew's has not simply taught me how to live, it has given me the courage to live like an Andrean. To all my fellow Andreans who take with them a lifetime of happy memories, "quit you, like men, be strong. Let everything you do be done with love."

## SAMEER GULAMANI

So this is it eh....well first off I just want to thank my family for the support they have given me throughout this whole experience, it couldn't have been done without you guys. There have been good times and some bad times, but the experience has changed me either way. Once I came through the gates I knew this was going to develop me into a better person. From the football field or the rugby pitch to the classroom, these last two years have been incredible, and it wouldn't have been the same without everyone I met along the way. I want to give some shoutouts to the boys LH, AB, RA, KM, DH, SJ, PR, JN, RM, CY and to all the boys I forgot to name and the ones in grade 11 you all know who you are. Anyways, Thank boys its was a good time.....PEACE

## KIKO HALALIKU

Nicknames: Deaner, Teaf, Jhè-She. Activities: Prefect, Scholar, First Football, First Rugby, Midsummer Nights Dream, Focus. Sayings: "Ohhh, look who it is...the bitch", "Eyyy Hurstyyy", "Welll, ya knowww", "TEQUILLAA!", "Yo, wat up Ton!" Six years of getting yearbooks and reading grad comments and now its finally time to right mine. When you leave this place, all your left with are memories, and looking back on them you find your place, and you see the mark that you've left. My first memory that I can think of was in the third term of my first year here. I was playing hockey in front of Mac when former Andreans Tyler Hurst and Steve Thompson, asked me what my name was from the other side of the triangle. Timidly I answered Dean, but for some reason they heard Teaf. The nickname stuck. In the old white tuckshop, I remember getting body slammed by 1<sup>st</sup> Football Linebacker Mike Tzimas for being a little shit, again in my grade seven year. I'll carry with me the memory of finally beating St. Mikes in football, in my grade 12 year, to knock them out of the playoffs and go to the finals. I'll remember sitting in the back of the chapel and hearing Mr. Staunton's voice, go over my prefect cover letter, and then say my name. I'd like to thank all the boys for making my years here so amazing, and I wish them all the best in the years to come. To the boys that came in the middle, Kiko, Ruupy, T.C, and Rudence, thanks for all the good times, and keep in touch. For the ones that have been here forever: Hursty, Ton, Thomps, P-Row and Stone, our friendship will last long past this place. I'd also like to thank my parents and Oma, for sending me here, and giving me so many opportunities to succeed. To the boys still coming through the grades and especially my brother Lucas who's starting in grade six next year - the school is yours now, be the heart and soul of it, and take in every moment, because before you know it, its gone. And that's what I am, another face on the sports pictures, another name etched in Mr. Scoulers desks, and another proud old boy. Thanks, S.A.C. Teaf!

## DEAN HAMANN

It feels like yesterday that I walked into the Memorial residence three years ago as a grade 10 new boy. As I walked into this wonderful community, I was at once impressed by its great and diverse opportunities. Since then, I have been involved in various activities that St. Andrew's College has offered. I played for three varsity teams over three years; soccer, basketball, and rugby. Also, I was a MacDonald House Captain and a prefect. It certainly has been a great experience studying abroad away from my home, South Korea, and this experience will last longer than I would ever imagine. I sincerely hope that my another experience at Carnegie Mellon University next year is just as good as the one I had at St. Andrew's College. Thanks a lot to all the faculties and class of 06 for their relentless support.

**SEAN HAN**

Three years is long time, especially for a boarder at St. Andrew's. You start counting down the days, months, and weeks until the Christmas, Spring and Summer break and it seems like an eternity has passed before the end of term. But however slow time seems to tick by, I can't believe that just three years ago I quietly stepped foot through the Flavelle doors, with it's stone step worn down by thousands of quiet first steps before mine. St. Andrew's, for me, was not always and easy road to travel, but all and all, I think it was a good one. Experience is one of the most important things in opinion, and S.A.C has truly been a worthwhile one and the memories I'll take with me when I leave here are ones not soon to be forgotten.

**SPENCER HIGGS**

I came to an unknown place called S.A.C. back in the summer of 2001. I was struggling whether I can fit into this new world, and of course later on, I found out this was the right place for me. I've been an Andrean for 5 years, and I enjoyed every single second as being one. I made lots of friends, and I knew all the time that it was something called "Andrean Bond" that is holding us together so tight and unbreakable. I have to thank all my friends for sharing their experiences with me and made my life time at S.A.C so fun and memorable. I also have to thank the teachers that had taught me the things that are very useful in the future. Without you, we wouldn't have known what a real man really means. Finally to my family. Thank you for treasuring me and being supportive all the time, I've learned a lot from all of you, especially my mother. Good luck to all my brothers in the future and hope that we will see each other again.

**PING HSU**

Nickname: Big Harvs  
Over the 4 years I've attended SAC, I've learned a lot and watched myself become a more independent, mature, and responsible individual. The leadership opportunities and extracurricular activities that SAC offers cannot be compared to any other schools. I've made a lot of friends over these four years from all around the world and I will never forget them for life. I would like to thank my parents for sending me to this school to allow me to recieve a mix of academics, sports, extracurriculars, and leadership experiences. Also a big thank you to all the teachers that've taught me or guided me over these four years. Special thanks to Ms. Chasson for making me realize that music is one of my best talents and potentials that I possess within myself, Mr. Scoular for teaching me lessons about life in general that I'll be applying in the near future, Mr. Service and Mr. Godkin for their economics knowledge, Mr. Giel for being my advisor and Accounting teacher for 2 years and Mr. and Mrs. P, for taking care of me during my two years at Memorial house. Lastly, to all my graduating friends, good luck in university and remember to keep in touch. It is a gift for me to befriend all of you. St. Andrew's has shaped me into much more than a solid student; it has enabled me to become a loyal friend, a better leader, and a more open-minded and insightful individual.

**HARVEY HUI**

Nicknames: Hursty, Hurst, Loges, Grasshopper, Praying Mantis  
Sayings: Eh boys I brought lucky, lets go for another round of hughy, heyyyyyyyyy DAWS, TEAF we are good looking kids eh! EH DEANERRRRRR, EH BLACKASS, Hursty you never invite me anywhere- Rudy Allen, Thompson what's wrong with you, I didn't even want to be a prefect because they suck. AIIHHHHH...Finally done the 7 years of Walden saying "HURSTY CUT THAT GOD AWFUL MOP OF YOURS" "HURSTYYYYYYY I have a one blade razor with your name on it". I first want to thank my parents for supporting me through the tough times. I also want to thank my teachers for not expelling me. I also want to thank my brother for giving the Hurst family the reputation of being clowns. Every exciting thing that has happen here can never be replaced and I will miss this place. Im going to miss my boys, Teaf, Ton, Thomps, Reggin, Rossy, Younger, KIKOOO, Ruppyy, Martini, and Burkey, Grieco, and fat Grieco who wont be graduating with us in June. For the boys taking SAC over next year, I know your going to keep the small amount of tradition we still have, Im going to miss playing first lax, and hearing Robson's wise cracks on Cleary "CLEARY SHUT THE HELL UP". The one thing I'm not going to miss is Kimmerer, you grumpy old man. Peace out SAC

**LOGAN HURST**

After spending the better half of a decade at St. Andrew's College, the experience has undoubtedly been an incredibly influential, memorable, and shaping one. From going to my first class, playing soccer or basketball as a SAINT for the first time, and playing the bagpipes at countless events, all aspects of school life will stay with me for the years ahead. Throughout my SAC experience there have been many ups and downs, trials and triumphs, and I've seen Mr. Kimmerer's face turn a colour I didn't think was humanly possible, however all of these things were necessary experiences in becoming independent and ultimately, successful. I'd like to thank my advisor, Ms. Thorne for assisting me in some major decisions, Mr. McGillivray, for not only being a world class bagpiping instructor but a role model, and Mr. Ryan for helping me develop my leadership skills that I will surely need in the future. My friends and family are the reason why I am here today, and I am very blessed to have them. Every member of the faculty and staff deserve the most credit, because they make St. Andrew's what it is. I thank you all, and I will certainly return from Western to watch the SAINTS destroy the competition at homecoming next year.

## PAUL JENKINS

Nicknames: Stone, Stoner, Stowyyyn, Wyyyn, Stan Stanley, Dr. Stone, Mr. Stone, Jr. Sayings: Eh fellas! Legiiiiitt! Mels? A & W? Nee Bee! You wanna have an ap? We need another retreat! Lazy Lizard anyone? Poppers! Activities: 1<sup>st</sup> football, 1<sup>st</sup> hockey, 1<sup>st</sup> baseball, prefect, SAC lifer. As I look back on my time spent at SAC a lot of thoughts go through my head. It's hard to believe that 7 years could go by so fast, and at the same time it seems as though I've been here forever. SAC is truly "Not an Ordinary Place". Mom and Dad I can't thank you enough for providing me with the opportunity of a lifetime. I now realize how truly privileged I really am, I love you and am forever in your debt. Jeff, you paved the road for me and showed me everything I needed too know about this place, especially how to throw a SAC party. You would've been proud of homecoming 05'. Mr. McHenry I cannot thank you enough for helping me turn things around in my last two years. To all the boys, you guys are what made this place so special. Hursty, Thompson you guys have been my brothers for 7 long ones. To the boys who joined us along the way: Anton, Campbell, Dean, Ross, Martini, Youngerr, Natale, Reg, Kiko, Rup, Spence, n Karl, Its been a hell of a ride and we certainly rode it into the ground. To our fallen comrades: Burkey, Greco, Grieco, n Sudds. We missed you boys this year, but you will always be my brothers. It was an honour being with you boys for so long. You boys have given me memories that will last a lifetime. I love you boys, thanks for making these years ones which I will cherish forever. I'll see you boys in the show.

## SCOTTY JOHNSTONE

I have been at St. Andrew's College since 2001. Throughout my time here, the school has allowed me to experience things that I never would have otherwise. As well as pushing me forward academically, I have had chances to develop myself in leadership positions, in sports and through the cadet corps. My time in the Arts Council and as an officer in cadets have been especially memorable. All of these components have allowed me to feel prepared for what lays ahead for the years to come.

## DAVID KANHAI

Nicknames: One-ten, Goof, Moose, Mur-dawg, Mustard, Cucumber, Murraray. Activities: 1<sup>st</sup> Football - 3 year vet, 1<sup>st</sup> Rugby, 1<sup>st</sup> Baseball, 1<sup>st</sup> football captain, Addison Award Winner, Prefect. Comment: If there has been anything at St. Andrew's that I've ever dreaded doing, it would have to be writing this comment. It has been an absolute amazing 5 years, and it's almost time for it to come to an end. Like I've always said, I'm ready to leave but that doesn't mean that I'm looking forward to it. I suppose a Giant Thank You is in order for both of my Parents. Mom, Dad.... or should I say Jim & Kim. You guys have always been there for me. Not only have you been my parents, the ones I could always count on for support, but you were also my friends. Thank you. I know, I would never be the man I am today without you. To my best buds, Eric and Blake... No good time would be as sweet without you guys! Here's to the Good times at the cottage, wing nights at tom & jerry's, trips to Oakville/St. Mildred's, Florida 2005, or just the odd tuesday night in the basement... I'm sure in fifty years from now, we'll all come back to S.A.C. and do the same old dumb crap that we're doing here now. To my little brother Jeff, I've left some big shoes for you to fill here, but I've got no doubt that you'll surpass everything I've accomplished during my time here. Just always remember to savour every moment of it, because at some point, sooner than you think, it will come to an end. It's been an amazing 5 years at S.A.C.. Thank you everyone for all the Memories!

## MURRAY KAY

Thanks Everyone,  
I'm Done!  
Olen Valmis,  
Kõigile Aitäh!

## VELLO KEILMANN

Nicknames: Max, Maximus Prime, Curly, Sayings: "It's not Curly its Kehrl!" Activities: 1st Rugby (Grade 11 and 12) and 1st Football (Grade 11 and 12)

# MAX KEHRLI

First of all I would like to thank my Mom and Dad for giving me the opportunity of attending St. Andrew's College and for their undying support through out my time here. Without their help I would not be the person I am today. Over the last two years at St. Andrew's College I have learnt much not only academically but in life. It was a big change going from my school in Bermuda to SAC. My first term here was a surprise which wasn't too good, but I was able to pick my grades back up thanks to the help of my teachers' support and confidence in me. I'd like to thank Mr. Te Bokkel, Mr Butcher, and Mr. Jones for their persistence and determination. I'd like to thank all my friends for just being them. I'll never forget the times we had together. Whether it be spending the night at Tim Hortons, listening Luther's crazy stories, being dragged to Honba with Adam, reminding Slessor of how Canon is better than Nikon, spending the long weekends with McArthur, or just chillin at On The Bean with the gang. Also I'd like to thank Bell for having a pay phone in the basement of Flavelle. I am looking forward to next year where I will be studying Engineering at Dalhousie University in Halifax.

Nick Names: Perm, Maid. Sayings: "You know what? Lets go!"

# JULIAN KIM

Since walking in the gates way back in gr. 7, St. Andrew's College has changed my life. From my first homecoming to my last focus, S.A.C. has provided plenty of unforgettable memories. St. Andrew's has helped me to open up and introduced me to many 'unique' people. I'd also like to thank my teachers and parents for seeing me through all this. No matter where I end up I'll always remember picking fights with Slessor, Porter's jokes and fake laugh, Ehler's disturbing stories, Sameer's untimely curiosity, the randomness of Darryl and Kanhai. And Nick, some day I will jersey you. McIntosh, "Blaze". Bruno, if it was you outside, I would've 'booked it'. Lawrence, what's wrong with Subarus? And Ray, Guess is inappropriate. And how could I forget Maguid's various impersonations (all of which sound pretty much the same) and I'll even remember Randell. So with this, S.A.C., farewell.

Nicknames: Lainger, Master Flex Laing, The Rt. Dishonourable. Activities:

# ADAM LAING

Part time Prefect of 2005 - 2006, Co-founder of Photographer's of St. Andrew's College (PSAC), Devoted and proud member of the Red Nest Social Club, MacDonald House Captain/Tyrant, a loving member of the dysfunctional family otherwise known as Flavelle House, a member of the Dishonourable Society and a devoted On the Beaner. Unforgettable Memories: Prefect Retreat 2005, that night in Oakville, the disastrous night in tent city 03', my first sleep over at Tim Horton's, when I became a branded Jamaican and many, many more. May these memories never fade away fellahs. Teachers: The Three Wise Men (Mr. Shrimpton, Mr. Josselyn, Mr. Staunton); I don't think you will ever know how much your support has meant to me. To all teachers who have taught me: whether or not you realise it, you have all had a considerable impact on me, and helped to mould me into who I am today. Thank you. Andrean Brothers: The entire Prefect body, Tsar, Turd, Luger (Dusch McGee), Shower Don, B, the Mexican contingent, one Curly boy who was my roommate and confidant, the roving journalist from Memorial and the one I could always count on to rescue me in the really outrageous of times: Dudas the Prophet - Jeremiah. Thank you all for making the ride worthwhile, we had a good run. S.A.C. has been my home away from home for these past three years and where I found myself as a person. For that I will always be indebted to this place, and its people. May all those that follow continue to make this place special. QYLMBS - ONE LOVE.

What would I say about the last four years of my life in which I have been at SAC? I feel that it is almost absurd to

# INAKI LANZAGORTA

even try to recapture all that I have lived here, for it is vast all which I have experienced here. All these years have been a long but great part of my life, because all that I have lived here forms up a part of who I am today. I would like to deeply thank not only the friendships that I have made, but everyone, because everyone was a piece of the whole. Friend, teacher, colleague, acquaintance or stranger.

Thank YOU

Iñaki Lanzagorta

I'm finally graduating. It's an exciting and different feeling to finally be done. I've learned a lot here, and I must say that a good portion who

# MICHAEL LARA

I am is due to the experiences I've had at this school. I want to thank my family for all the help, support and opportunities that they have given me. Without my family I wouldn't be here, and I wouldn't have anything. In the end I turned out okay, and I have them to thank for that. I'll remember the really warm summers, Sunday brunch, going to the weight room after study, the sometimes heated discussions in class, the Eaton's centre, and the organ during chapel which I always really enjoyed.

Today, I graduate a different person. S.A.C is a contributing factor to who I am, but more importantly – my father, my mother, and my two brothers. Dad, thanks for your constant support. Mom, thanks for your unlimited wisdom. Simon, thanks for watching out for your little brother. David, thanks for keeping me entertained. If I look back to my years of high school, it is my family that I proudly acknowledge to stand as my pillars of success. Without their support, I never would have found my meaning of life, taken it into my own hands, and pursued it. Thank you, thank you! I have made many friends at SAC here and the sport games, plays, academic drives, and uncountable experiences we have went through... yeah! Unforgettable! I value your friendships closely and will guard the memories we shared. Thank you! I would also like to thank Michelle Yee – for her silent but strong inspirations. To my teachers and coaches, I thank you sincerely and deeply. I will engrave my character with the patience, and the virtues you have taught me to uphold. Finally, I thank myself for not betraying myself in the strive to become the complete Andrean. As an Andrean; double M.V.P, and M.I.P, Peer Tutor Co-ordinator, Captain of Ramsey, Chief-in-Editor of Newspaper Club, etc., and an avid participant in everything S.A.C has to offer, I happily look toward our reunions and the many enjoyable things to come.

# TONY LAU

Let's get serious, who can actually sum up four best years of their lives into a paragraph? I can't, but off the top of my head, I definitely owe Butcher and Inglis a huge thank you. Inglis I am sorry I bailed on you and lived in Mac in my senior year. But I'm sure you know I regretted that. Anyone would regret living in Mac. Butcher, you are definitely the smartest teacher I have ever had and an awesome advisor as well. I would have dropped geometry if it weren't you. Dennis, Leo, Jeff, Harvey and Jason, we definitely had the best senior year together. All the gambling WHILE skipping classes or using parents' email or signing out...the CHINESE AP was definitely highlight of the year. Any idea how many white kids would fight for a basement when they were freezing their asses off in the tent? Meanwhile, Scoular, I think I can speak for most of your students, but I owe you a lot. We skipped classes and did no work but our marks went up. Good luck with your class attendances next year. Nonetheless, I have grown extensively in these four years. I came as a dorky nerd, but now I at least have some leadership, play a sport, have some friends, but am nonetheless a nerd as well. I'll miss SAC.

# GORDON LEE

Coming through the gates of St. Andrew's as a new-boy four years ago I can remember the anticipation and nervousness of starting a new chapter of my life. But within minutes all of my concerns were dashed. St. Andrew's was the place for me. Not only did it have a multitude of extra-curricular's to keep me busy, but the challenging academic schedule made sure that I would come out of high school one step ahead of the pack. My most memorable experiences at St. Andrew's must be the four years that I played in the Wind Ensemble and Jazz Band, the Battlefields Trip which I attended in 2004, and the countless moments of just having fun with my peers. St. Andrew's College has shaped me by creating within me a strong work ethic, instilling confidence, and fostering an incredible pride in everything St. Andrew's. Throughout my life I will always carry the memories and lessons that I have learnt at this great institution.

# JARED LEE

Nicknames : Ajosshi, Josshi, Grandpa, Old Man, 60 year old virgin, Chunga

Properties : Taking a break at the steps, ordering food for one straight year, useless SACKA member, Korean Tutor

After thinking about it, I haven't done much during my three years at SAC. I don't have a bulky resume with council activities or varsity sports, but I can say that I have achieved the grandmaster level in Warcraft...just kidding. It is true that I mostly displayed my introverted side within the school. However, I met invaluable friends at SAC, and there are numerous occasions that I will never forget. Though most of my friends know, I will not expand just to avoid even more embarrassment. Studying for tests, talking with friends up late, the experience here weren't that exceptional. But it is those everyday lives that will make me never forget the three years at SAC.

# JUN YOUNG LEE

Three years!! three years is not too long but not too short. But it was part of my life, I would not be how I am if I did not come to St. Andrew's College, specially Sifton house.

To be a member of sifton house was great pleasure to me. I will not forget about variety of house events and experiencing many different cultures. Also, torture from Mr.Inglis and Mr. Ramon. Excessive demerits almost buried me from SAC. However, it saved me from being lazy. Three years in SAC will never be forgotten.

# KEVIN LEE

Probably one of the most difficult things I've had to do during my time at St. Andrew's is try to find a way to summarize my tenure. When I came to this institution of learning in the fall of 2001, what seems like a lifetime ago, I was not happy. However, during my years here I have been blessed with the opportunity to participate in activities I never could have imagined, or at the least would have been far too afraid to attempt; the Focus festival, community service, weight training (in which I spent seven terms) and sports in general, and cadets. Through the classes offered and the great faculty I have been able to discover and develop my interests, visual arts and writing. It is all of these things which, more than any other school, create a real sense of community between the students, the staff, and the faculty. This has resulted in a profound attachment to the school, and though I'll be leaving next year after half a decade to pursue my lifelong passion, art, St. Andrew's will always hold a special place in my life, as I look back on my career with pride and fondness. Good day.

**MARTIN LEE**

The past 5 years of my life at S.A.C has been dramatic. I've had times that were memorable but also regrettable. There were hundreds of things that made my life at S.A.C so great such as being on sports teams, cadets, FOCUS, Mac House Council, Arts Council, and Mac House Captain, etc. Most importantly, I'm so grateful the fact that I made all kinds of friends from across over 20 countries; It has widen my view toward the world. Nonetheless, I've always regretted the fact that I have not tried my best on academics, however, now that I'm heading to Rhode Island School of Design where I can continue pursuing my dream in architecture; St. Andrew's College has helped me drastically to lead me this way and I'm very satisfied and proud of myself. For the last remaining year at S.A.C, I'm exceptionally willing to finish strong therefore, I will not regret and proudly graduate.

"Some day you'll all work for me." "Who do you think you are?" Activities: Prefect, President of S.A.G.E., JV Soccer, Seven Year Club.

**JUSTIN LEMIEUX-REALE**

Comments: As my journey at S.A.C. concludes I am more anxious than ever before to leave the school and see what other events life has in store for me. At the same time, I do not want to leave this place because I am departing a place that has been a part of me for as long as I can remember. I would like to thank all my teachers, and especially my advisor Mrs. Perrier for the guidance and unwavering dedication they have shown to me. Words cannot express how grateful I am. To all my close friends, Nick, Simpson, Goat, Nert, Chota, Cumming, Turd, party at my place any weekend for you guys. Keep in touch, it's been an unforgettable time. We don't need no education, We dont need no thought control, No dark sarcasm in the classroom, Hey! Teachers, leave them kids alone.-Roger Waters

Nicknames: Leon, God

Quotes: "Hey I think I got something for you. One sec its in the other pocket (pulls out a finger) \$%\*# YOU!" "You're a pretty hit kid"

Activities: Soccer, Ping Pong, Weight Training

My life here at St. Andrew's has been a long prestigious journey to seek knowledge about the world. I will leave this place with more memories two hundred words can write. My time here as a student has helped me develop into the complete man, the well rounded citizen. St. Andrew's has given me the preparation needed in order to succeed in life, to give the one hundred percent dedication that is involved to put forth your greatest effort and to conquer your greatest struggles. I would like to thank my parents for sacrificing many hours they have put forward in helping me get through school, whether it was through helping me study for a test or giving me lectures on how important an education was. They have spent a vast amount of their salary to send me to the best school in Canada which I am forever grateful for. I want to leave this place with a passion, but at the same time I do not. I do not want to leave something that will be apart of me forever in my heart. I leave you with one last thought ladies and gentleman, life's what you make of it.

**MATTHEW LEON**

Nicknames: Boxhead, Big Nick, Little Nicky, Les, HP. Saying: 'This isn't a game!' Activities: Head Prefect, Pipe Major, Outreach Committee, 1<sup>st</sup> Hockey, Senior Track and Field, Couchiching Terriers, Mrs. P's Advisees, Gold Duke of Ed., Bar to First Class Colours, Dual member of Smith and Memorial Houses Next Year: Dusting at Colgate University. I would like to start by thanking my parents ,who, with their great amount of support and time-spent, made my St. Andrew's education possible. What they probably don't know, however, is that the most important part of this education didn't start, end or even transpire in the classroom. The lessons I have learnt outside of the classroom from friends and mentors are what I will carry with me for the rest of my life. Lessons like 'honesty is the best policy', 'hard work will always pay off', 'worry about yourself and not others' and of course 'if you really don't know what to do, ask Mrs. P!'. Thank you to Mr. McGillivray, who opened up the world of bagpiping to me. Thank you to Mrs. Perrier, who was always had time for me when I needed guidance. And of course, thanks to my friends, who have made my time at St. Andrew's so enjoyable, and at the same time, bearable. 'After climbing a great hill, one only finds that there are many more hills to climb.' - Nelson Mandela

**NICK LESLIE**

"All the world is a stage, men and women merely players"

Enters the scene, plays his role, bows, then exits, curtain falls. [Quote Mr. Scoular: so why not just jump in front of the next bus and get it over with?] A while ago I was talking to a friend about the meaning of life and what a happy life should be. We concluded that happiness is not found in the achievements in life, but rather, true happiness lies in the excitement of changing from a stage of life to another. In other words, it is not your position in life that counts, but your velocity. Live with purpose, passion and persistence and happiness will find you. Here I am, looking back at my life at SAC. "All the would've could've should've laying in the sun talking about the things they would've could've should've done. But hid-away from did" My life at SAC was not simply a passing moment, a fleeting piece of time that will leave as I move past. Everything that I have done, everything I have experienced up to this point will follow me through the gates and beyond. My life at SAC lies between The people, the teachers, the friends, the roommates, and the pranks. The fields, the boarding houses, the labs, the classrooms, visits to Starbucks and IGA. The activities, the events, the festivities, and the clubs. The drowsy morning chapels. The amity, the bond, the brotherhood, and an experience that will forever hold a unique place in my heart. To my fellow graduating students and all: This is our lives. We have lives to live so go on and live them. As we move from one stage to the next, let us keep the good times we've had together - for now, for later, forever. J.Lin

# JOHNNY LIN

I have been at SAC since my grade nine year and every year after that has been just as much fun if not more. Whether it be with my buddies, Gordon, Harvey, Dennis, Bang, Leo, and the rest of the gang, I always had a great time where ever I went with them. Thanks to the Ps and my parents for their support and advice throughout the years. Although my only regret was having Slessor write my Grad Comment rather than writting it myself; I love Slessor.

# JEFFREY LUI

# DAVID LUTHER BUDDY!

# THIJS MAASKANT

I have spent the huge part of my life in this school. Since coming here in grade 7 I have been here a total of six years. Over that time, I have noticed that this school as a whole, has gone drastically down hill as far as spirit, fun, the connection with the middle school has been lost completely. Needless to say I am glad to be out of this place even though I will miss it for the good times I've had, and the good friends I met here. I feel that being at this school has challenged me in many ways, which may seem to be pointless but im sure that in the long run it will have been for the best. I look forward to university, and I wish good luck to all my class mates in their future endeavours

As I look back on my two years at SAC, I realize what an experience this school has afforded me. I came to SAC in grade 11 expecting to simply finish out my final two years of high school, but it turned out to be so much more than that. The friends I have made, the experiences I have had, and the memories that will last a lifetime are things that I will never forget. First off I would like to thank my parents for their support and pushing me to get through high school intact. Your love and encouragement were vital, and I cant thank you enough. To Mr. Biasi, Mr. McHenry, Mr. Staunton, Mr. Roy, Mr. Dawson, Mr. Day and the rest of the St. Andrew's faculty, thank you for everything that you have provided me with, and the opportunities that lie ahead of me. I would like to especially thank both Mr. MacDonald and Mrs. Perrier. The two of you have helped me to grow and develop into the person that I am today and the sacrifices you have made for me I cannot thank you enough for. You all are a huge part of helping me get to where I am today and I can't thank you enough. To my sister Kate, keep working hard and good luck with everything. The boys of SAC, Rudy, Quinton, Pierce, Stone, Ross, Rupps, Natale, Kiko, Anton, Thompson, Henner, Jacobsen, Hursty, Deaner, Younger, Wolf, Benhiem and anyone else I forgot (sorry guys!). I would particularly like to thank all the men on the hockey team. You are all like a second family to me and the memories I have of November to March at St. Andrew's are second to none! Have fun in university boys, work hard, party harder! Character cannot be developed in ease and quiet. Only through experience of trial and suffering can the soul be strengthened, ambition inspired, and success achieved.

# ROBERT MARTINI

-Helen Keller

Nickname: J Mac

Sports: U16 volleyball, U16 football, U15 basketball, U16 rugby, 1<sup>st</sup> Football, JV basketball, 1<sup>st</sup> Rugby, Ski team Manager,

What should I write about? The time I have spent on the sports fields, putting in many hours of practice and training. The time spent in the class room, trying desperately to stay awake in Calculus, laughing through French class, or dozing mindlessly in Data? The time I have spent in Flavell house, starting off my Flavellian career going to bed at 10:30 religiously, never dreaming of skipping breakfast or chapel sign in, to becoming a graduating student being able to count the times I have been to either of those two commitments on both hands? The Washington tour in 05 with the Rugby team, St. Donat with my grade 10 French class, or trying desperately to beat the skiers to the bottom of the ski hills while at the CISAA championships? In the four years I have spent at St. Andrew's College, I feel I must write about all of these experiences. Each has contributed greatly to my career at St. Andrew's. It has been a journey which has taken me to heights and goals I never thought possible. Four years ago I would have never imagined what was coming next. Four years later, I can not imagine it being over. It has been a life altering experience, one which I will never forget.

# JAMES MCARTHUR

Big K would like to thank all of his Boys, and a special lady next door M.P for a great year.

# KARL MCCARTNEY

I remember when I first walked through the SAC entrance 6 years ago when it seemed like an eternity before I would finally be out of here. Looking back now however, I find that the time has flown by. Nobody said it would be easy, they just said it would be worth it. The time spent at SAC was undeniably worth it, and I will not forget the lessons learned and memories made here.

# MIKE MCINTOSH

participated in: 1<sup>st</sup> soccer, Track and Field.

The day when they don't illuminate me anymore, and this abundance of cognizance converts itself in a reflexive memory of the past. Do not forget that in your memory you will convert me in the fire of your fight. In the light of the Andean Community. By cosmic rule, as day yields night, all things must change. Don't forget that it is just a factor which determines how fast or to what extent things change, for better or for worst. Coming to St. Andrews changed me forever, clearly and distinctly not in the former. I must assure you my friends, that our past is now untouchable, secured by the treasury and guardian of all things, our memory. For that I thank you all. For this experience and much more, clearly realizing that words would fall short. I thank my parents my sister and my star-tokei. I guarantee to life, that I wouldn't be half of what I am today, which is not much, if it wasn't for their unconditional love, help and support. Remember everything happens for a reason, we are all interconnected, fight for knowledge and truth they will give you freedom. LGMJ 04-2006.

Finally this day has come, most people have doubted me saying I would never graduate and set the record for the most post grads taken and becoming the oldest person ever to attend high school, but that all has changed. The last 3 years have flown by at S.A.C, I would like to thank my parents for giving me the opportunity to attend this school, You guys have done so much and have sacrificed a great deal for me to be here, and I thank you, and to the friendships that I have built. The many great memories that I have made through out my 3 years at S.A.C will continue to stay with me and I will continue to share with everyone. To all the guys; Hurst, the memorable one liners "eye", "cutie", Anton, for the creation of the swamp, Ross, for always causing the most problems, Dean, being the best artist ever!!, Kiko, Hand!!!, Johnstone, being the best athlete on the face of the earth, Rudy, Nayy, Campbell, continue being classy, Hennick, Eggs!! and finally Jacobsen, MTL, Buonanotte, Grey Goose!!! will never be forgotten. To everyone else thanks for the good memories, let the good times roll.

# JASON NATALE

Things I like about sac: 5. How easy it is to skip class 4. A few teachers. 3. Saturday school is gone plus half-day Wednesday 2. Flavelle is the house of freedom. 1. The fact that I am leaving!

Things I hate about sac: 20. Uniforms 19. Advisory program 18. Athletic assembly 17. Prize day 16. Thieves 15. Super expensive grad ring 14. The fact that I am "asked" to write grad comment 13. Mandatory donation to the school at the end of the year 12. The fact that we do not know where our money goes 11. No air conditioning in boarding houses 10. Laptop fees 9. The super high tuition 8. Crappy upper school classrooms 7. Network services 6. Dirty washroom and shower in boarding house 5. Boarding house study time 4. A few teachers. 3. Mandatory chapel 2. Mandatory breakfast sign-in 1. The food!

St. Andrews is one special place, There are many memorable things that happened in this place that it is almost impossible to list them all. Long story short, all of them happened in a glance and alas it's over... Though I am somewhat happy to leave and venture off to a new place, there are definitely things that wants me to go back to this school.

Thanks to all the people that supported me while in school.

# JEFFREY NGO

My time at St. Andrew's has had highs and lows. From the caffeine induced hazes to the sense of pride and accomplishment, SAC has

given me a lot. This place has taught me to work hard, to think philosophically, and above all to use everything I have to the best of my abilities. It has given me friends that have been there regardless of circumstance. They have been loyal, true and, most importantly, have been able to convince me that going to Shoeless Joe's is a much more productive activity than say... doing my physics summative. St. Andrew's has given me inspiring teachers like Mr. Butcher, whose physics course has had an immeasurable effect not only on my current thinking but on my future as well, Mr. Rush, whose philosophy course opened my eyes to what truth really is, and Mr. Myrans, a man revered by all the members of this school, who taught me to appreciate the history, discipline and pride that comes with fencing. So, thanks to everyone who helped make my experience here a great one.

# MAGUID NICHOLAS

This is neither a condemnation, nor an insincere and vague heaping upon of praise. While attending SAC I have made and lost friends, gained new and rejected obsolete knowledge, and gone through more life-changing experiences than in my whole post-childhood put together. And while the institution itself was not responsible for these events, it created a fundament and refuge which allowed me to deal with and reflect upon the former. On a more basic level, a few brilliant minds among the teaching staff succeeded in forcing me to question my beliefs, and reform my outlook on life. My hope is that the current trend of turning toward cold business practices, supression of the individual character and misinterpretation of the school motto (which does not created well rounded men, but rather excellent politicians in the modern, tainted sense.) will be reversed. SAC can and should not be a stainless factory creating immaculately polished clones, but rather a close-nit family, brotherhood and learning community in which each individual boy can flourish and become "well-rounded" in his own way. To quote Albert Einstein: *"All that is valuable in human society depends upon the opportunity for development accorded the individual."*

# WILLIAM OHM

There was an animal called John Park which lived in a weird school called SAC. He was part of Sea otter tribes, and he came to this world to observe the humans. Its tribe had been designated as natural monument (at least in his birthplace). So it was able to survive along many worthless human beings. This animal really enjoyed living in Flavelle house, which no one prosecuted it for being different species or for its different lifestyle. Other things it enjoyed was some of the human teachers, the ensemble it lead, the pool it swam, and kind human friends. However, it hated many things as well. First of all, it claims that it had survived from food poisoning attempt several times. It had suffered under so-called tradition of the school which he was not accustomed to. Such things include marching in female human's clothing, and waking up early to go to breakfast and a sleep session in a large building. Although, it had survived through many harsh attempts against his dignity, sanity, and life in general, it had enjoyed this place, and decided not to turn every student into his own tribe. So yet again, the world was saved by the worthless humans, congratulations.

# JOHN PARK

While I have spent the majority of my time at SAC watching it go by on the face of the nearest hallway or classroom clock, I never failed to appreciate the environment I was in, and great people I was with. I can not honestly say that I was heavily involved within the SAC community, however, I can say with the utmost sincerity, that I always felt like I was a part of it. Thank You.

# JAMES PORTER

James Porter

I came to St. Andrew's College in grade 11 from Newfoundland. It was difficult at first to adjust to the high tempo, but after a couple of weeks I got my bearings and I jumped right into life at SAC. I played on First Hockey and Rugby for two years, and got the privilege of being a Captain for rugby and an Assistant for hockey in my senior year. Through SAC I've made many lifelong friends, some from countries as far away as Germany, Korea, and Bangladesh. Since leaving my friends and family I've definitely matured a lot and learned some valuable life lessons. People often ask what's so special about St. Andrew's, and for me that answer is simple. It's about coming together with guys from all walks of life, and it's about believing in something greater than yourself. No regrets, make the most of your time here, but most importantly don't forget to see beyond the gates. "Life moves by pretty fast. If you don't stop to look around once in awhile, you're going to miss it."

# JUSTIN QUINTON

Nickname: V. participated in: JV hockey, varsity tennis.

Four years ago I began attending St. Andrew's college not really knowing what to expect. But from this place I will take a lot. I have made some good friends and will stay in contact with them as best I can. Some of the best memories I will have of this place, are from the CISAA Championship u15 soccer 02', St. Donat 03', and CISAA championship JV hockey 06'. The unofficial grad trip, Cancun 06' was the best of times as well. SAC has kept my life extremely busy and at times very tiring, but overall, the experience I have had here, will help me through university and after that. I'd like to thank my parents for sending me to this school, and giving me the opportunity to get the best mix of both academics and athletics at an amazing independent school. Time really flies, and you really take it for granted, so for all the dudes that come after me, enjoy your time here no matter how tiring and frustrating it may be, because when its all said and done, your better person as a result of it. "Friendship... is not something you learn in school. But if you haven't learned the meaning of friendship, you really haven't learned anything." - M Ali.

# VIREN RATNASWAMI

## BRANDON RICHARDS

After my 2 years at S.A.C, I have come to realise that its not the great facilities, academics and sports that this school has to offer, but it is the friendships that were made that are the most important. Though at times school was tough and miserable, I have come to like it, the people here at this institution

## PAUL ROSS

**Nick Names:** P Ro, Pedro, Rossy, Paulie, Baby Paulie **Sayings:** "Legit", "Deece", "Nebe", "Plug", "Snipe show", "Strij", "Tequila" "It was all a dream" "Live Everday like its Spring Break" "I'm 18 and just living the dream" **Activities:** First Football 2 years, First Hockey 2 years (Assistant Captain) "A", First Rugby 2 years (Captain, MVP) "C", MacPherson Hockey Tournament 05', 06', Focus 01 - 06, ETC 06', The Real Cancun Team 06', Big Wheels Club **Awards:** Academic scholar (06'), Academic Merit award winner (06'), Craig Mitchell Award 06' Athletic "A" Award 06', CISAA Hockey Champions 04- 05' MPHL Hockey Champions 04 - 05', MacPherson Champions 05', CAIS Rugby National Champions 06' Harry J. Addison Memorial Award Football (06'), CISAA Football All Star (06') U16 Football MVP, U16 Squash MVP, First Rugby MVP, Looking back on the past five years has made myself truly realize what a not so ordinary place this is. Firstly, I would like to thank my Mom and Dad for giving me the opportunity to attend SAC and for supporting me all the way through it. Thank you. I would also like to thank Mrs. Perrier, Mr. McHenry, Mr. Scoular, Mr. Shrimpton, J Mac, Mr. Biasi and Mr. Butcher for shaping me in who I am today. I would like give shout outs to my boys : Thompson, Younger, Rudy, Stone, Deaner, Hursty, Anton, Karl, Campbell, Ruppert, Burkey, Greco and Kiko. You boys made my time here the best it could be, always keep in touch and good luck in the future. Lastly, I would like to thank A.B. for making this year such a fantastic and memorable one. The past 5 years have being great boys: we have being through the thick and thin, and have always being there for each other. I will miss you boys and will cherish this school forever thanks!

**Nicknames:** Rupps, Ruppy, Kanga-Rupp. Participated in : 1st hockey, cross country, track and field. I couldn't think of a catchy intro sentence, so I'm going to cut to the chase. The two years I have spent at St. Andrew's College have been the best of times, and the worst of times. I've had some great accomplishments, and I've made some big mistakes. I've given my friends some laughs, and given the Administration some headaches, and I managed to do a little school work and play some hockey in between. All in all, the positives overwhelmingly outweighed the negatives, and I wouldn't want to live the past two years any other way. I have a lot to be grateful for, and there are numerous people that deserve recognition for their infinite amounts of support. Mr. Perrier, Mr. Biasi, Mr. McHenry, Mr. Loney, and Mrs. Marsh, thank you for your patience and advice. Mr. Swan has been more than just my advisor, he's been a confidant, motivator, and a great friend, you will be missed. Mrs. Perrier has been in my corner from my first day at St. Andrew's College. I've never met someone so well liked by so many people as Mrs. Perrier, there is not enough room on this page for me to describe my gratitude for everything she has done for me. Special Thanks goes out to the beys; Reg, Thomps, Younger, Rossy, Jacobsen, Greico, Daws, Zitoun, Stone, Martini, Munro, and Quinton, you will all be missed and good luck with your future endeavors. Coach MacDonald, you taught me think "outside the box", your enthusiasm for hockey rivals my own, If you ever need a hand in building the empire just let me know. Mr. Roy and Mr. Andrew's, Thank you for giving me a chance to attend S.A.C., my family and I appreciate all you have done. Last but certainly not least, I need to thank my parents, grandparents, and sister, their sacrifices have not gone unnoticed. Thanks goes out to the Andean community as a whole, St. Andrew's College truly is an extraordinary place. Best of luck to everyone! keep on keepin' on.

## MEHER SANDHU

I have been at S.A.C. for four years now and have loved each year as much as the next. Thankfully I was a member of Flavelle house and not any other house that would have enforced the rules. Either way, special thanks goes out to Daniel Lee, the best roommate anyone could ever ask for. I also go by the name "Cowboy Meher", for those who didn't know... Although my only regret was having Slessor write my Grad Comment rather than writting it myself; I love Slessor.

I have cooked the following things in my room: **DAIRYL SHIEN** sirloin steak, spiced chicken, potatoes, mushrooms, waffles, grilled cheese sandwiches, pizza, hash browns, hamburgers, rice with ground beef, rice with egg, rice with barbeque pork, noodles, and hot dogs. It's been a good year being a grad since I held no leadership position. I was able to cut lines in barbeques, house food events, and other house events without actually contributing to the house the entire year. Eat that community involvement: I hate you.

I have been a member of S.A.C. for three years now, have had little involvement in the sports aspect of the school, but valued all the sports I did take advantage of. My last year here went by so quickly, but I still thank my housemasters and my advisor for their support throughout the years. Although my only regret was having Slessor write my Grad Comment rather than writing it myself; I love Slessor.

**ALAN SHUM**

It had been quite interesting studying at SAC. Looking back at the three years that I have spent here is quite amazing. I remembered the first time when I came to this school, the feeling of anxiety, panic and curiosity filled my head. However, as time passes by, I began to get more accustomed to my surroundings and got more involved with the community. This school was not just about academics, it was about everything as it is encompassed by the school mission statement: mind, body, spirit. I had fun in my three years at SAC as a boarder and met a lot of interesting people. I hope everyone else have a great year next year!

**BENJAMIN SI**

Nicknames: Simpson, Simps, Stimps, Stimper, Stimperson, Simpse, Soccer Mom, Barely Legal, Baby Beans. Participated in: Prefect, Cadets (Cadet Commanding Officer & Lieutenant Colonel), Varsity tennis, Varsity Squash, Chess Club and Community Service Council. Chris has been going to SAC for 5 year, ever since becoming a boarding student in grade 8 in MacDonald House. Since then he had met tons of friends and had even more good times. CISAA Champs with JV squash and U14 basketball. Duke of Ed award trips, Grade 8 Mac house, with Luis, Ola and the Cheese, grad trip, grade 10 St. Donat, Battlefields tour, SMLS semi, with that ridicules taxi home, and the Community Service trip to Thailand. "Ping Pong Show" These great times would probably be nothing without those he share them with. Thanks to Juice, Munro, Goat, Nicky, AWong, Quinton, Laing, Sless, Juniper, and all those who made these past 5 years the best times ever. Dileas.

**CHRISTOPHER SIMPSON**

From grade 9 to grade 12, each year as exciting as the next, I have done so many fun and stupid things I do not have the time to write it all out and share with you. But the few things I will share are just some simplified life lessons I have learnt here at S.A.C. Your parents are right nine times out of ten; always be there for your friends regardless whether they need it or not; choices make all the difference; be spontaneous at least three times a week; don't complain unless you have a solution; work hard, play harder; expectations are premature letdowns; carpe diem; stay positive; find something you like and stick with it; modesty and honesty overshadow conceit and exaggeration; aggression makes more problems than it solves; advice given is advice worth taking; memories don't last a life time, memories make a life time. Four years and I have completed all the goals I set out to do except one, unfortunately. It's not so much the goals I've completed that makes me happy, it's the memories and friendships I have made that make my time really worth while. Thank you for your all support, everyone!

**JEREMY SLESSOR**

Nicknames: I give all the credits to Luis Meneses: cat, pussy cat, kitty, kitten, meow, and anything related to the feline family. Sayings: None in particular; anything with a sarcastic remark. Activities: President of Arts Council, Focus Film Festival, Focus Art Contest, Drama Society Tech Crew, Alpine Skiing manager, Lt. (Sifton—best company!). After almost six years, I've finally realized that the best thing at S.A.C isn't necessarily the facilities provided here, nor is it necessarily the great educators that roam the schedule. It is much more than that. The best thing here is the friends you make—friendships that will last forever. Beyond the gates of this school, the experience that you've gained here won't compare to the tight bonds you've made with your classmates. When you've lived with a group of people for almost one-third of your life (for some, it is even more than that), you grow accustomed to everything about them. To me, this is what matters the most—what I will treasure the most once I've stepped out of the S.A.C grounds. To me, that is the experience that will last a lifetime.

**JESEN TANADI**

**ALEXANDER TANG**  
 Nick Names: RoboTang, Orange, OJ (orange juice),  
 Tanger, Roboto, Bandy, Tangster, Band leader person,  
 AT, dim sum. It has really been a joy staying in St. Andrew's for the past five years, it has become so much  
 apart of me, like the blood that flows through my veins. I still remember the first time I entered the gates of St.  
 Andrew's in grade 4 beside my brother. I was in total amazement of what SAC represents and demonstrates,  
 and five years later I found myself in Macdonald house as a new boy.

During my time in SAC, I was greatly influenced by the staff, faculty, and peers. I had never met such a dedicated  
 group of people who genuinely cared for you and want nothing more than to see you succeed. I thank you for  
 all the memories, the friendships, the challenges, the pain, that has made me a better person.

As I reach the final stretch of my time in SAC, I can't help but think that I will be back again next year like the  
 past 10 years of my life. But the time has changed, I must move on using what I have learned and bring it into  
 a brand new environment next semester.

**NIRUSHAN THAMPIRAJAH**  
 Nicknames: Niru, Brown,  
 Browntown, NiruPom,  
 PomPom, Goldberg, Perm  
 Queen. Sayings: Leegit, Decce, Word, Frieecend, Dirrry, Whateva, I do what I want, The Thrash, OHHH. Activities:  
 Prefect, Lieutenant Training Company, Housecaptain, First Cricket Captain and some small things. Next Year:  
 Wilfrid Laurier University - Politics, Philosophy, Economics. First of all, I'd like to thank my parents, if it wasn't  
 for them I would not have entered through the gates for my high school career. I will always be indebted to them  
 after all their sacrifices. They say that university will be the best time of your life, however, after experiencing high  
 school at St. Andrew's, it seems that high school will be the best time of my life. Throughout my four years here St.  
 Andrew's has taught me valuable lessons that will help me in University and onward. I'd like to thank The Perrier's,  
 Mr. Perrier for his guidance as an advisor and Mrs. Perrier for always being there to talk to, Mr. Shrimpton and Mr.  
 Josselyn - prefect advisors and Mr. Staunton - cricket coach. Thanks also goes out to all the teachers that have taught  
 me during my four years here, each one of you influenced me in some way. I have to thank all my friends for their  
 support and the good times during these four years, you know who you are. I wish the graduating class success in  
 their future endeavours and hope to see all of you in ten years at the reunion. For the future of SAC, take care of our  
 school and don't loose the tradition and spirit that's left. I'll always be an Andrean, Peace.

**GRAHAM THOMPSON**  
 Nicknames: G thomps, Thomps,  
 moistner, G-Lube. Sayings: bite  
 the curb, dr. greenspan, this blows,  
 yyyooooouunnggeerrr..., let's hit the sauce, bujju cyanwan! the fuzz, wes wes yall', legit, seen.  
 Activities: Jv Hockey Capt. (CISSA Champs) (3a), 1<sup>st</sup> Lacrosse (2a), ETC, FOCUS, Midsummer Night's  
 Dream, Seven year club. After seven long years in this place, there's nothing I can say that hasn't already  
 been said by past graduates. From day one I have been proud to call myself an Andrean. Experiences  
 I've gained, traditions I've taken part in, we're all life moulding experiences. I thank my brothers for  
 showing me the way when I first came in grade six, and my parents for putting up with everything. Mr.  
 Kimmerer, and Mr. Walden for keeping me around for so long. The friends I've made since I've been  
 here have made my high school career a truly sensational trip. P row, Younger, Hursty, Deaner, Stone,  
 Rupps, Rudy, Anton, Spence, Campbell, you guys made my time here unforgettable. The fallen crew  
 members, Burkey, Eysh, and Greico. Good luck to everyone in their future endeavours.

**GAUTAM TOLANI**  
 nicknames: goat, the brown man. Sayings:  
 "She isn't in there Mrs. P," "What's a Br\*\*n  
 man got to do. This is my sixth and final year at SAC, I will truly cherish the years  
 I have spent here. I would like to thank my housemasters and advisor, Mr. &  
 Mrs. Perrier. I would also like to thank my family for sending me to SAC, and the  
 many friends that I have made during my time here. I will truly miss the late night  
 "shmaggsss" with the Koreans, room raids, and going streaking through downtown  
 Toronto for the homecoming video. And all the other good times with: Juice, Karl,  
 Nick, Adam L, Niru, Stone, Sean Han (the godfather), Fergs, Kiko, Anton(debo),  
 Rudy, Dustin, Max, Spencer, and Chad.

**RAYMOND TUNG**  
 The future has a way of arriving unannounced. - George Will. I  
 can't believe seven years has passed by so quickly. It seems like  
 only yesterday that I was that chubby child entering the gates of  
 St. Andrew's College wondering what to expect out of Grade 6.  
 My first day at SAC is one that I will never forget. So much has changed since and I feel that my time here has made me a  
 better person. I have learned so many things that the list goes on and on. I came to St. Andrew's as a child not knowing what  
 to expect out of life and now I am leaving St. Andrew's as an adult with purpose and a goal to pursue. When I think back to  
 all the events that have unfolded before my eyes in the last seven years, I can't help but think that this place is truly not an  
 ordinary place. From early morning chapels to FOCUS to cadets, St. Andrew's offers an environment that I would not have  
 been able to find elsewhere. My only regret is that I did not seize every opportunity given to me. When I think how I will  
 have to leave this place, I can't help but realize that its ironic. At first, I didn't want to come, but now I feel as though I don't  
 want to leave. To all the faculty I have encountered, I thank you so much. You each have guided me into the direction I am  
 heading today. If it were not for you, I might have stumbled more than I did and definitely would not be who I am today.  
 To the friends I have made, thank you for everything. You each have taught me something important that makes me a better  
 person in life. The bonds we have made will last a lifetime even though it may be a great while until we cross paths again  
 in this game called life. Lastly, to my parents, thank you. You have made great sacrifices in order to send me here and I so  
 admire that. I can only hope that one day I can return the favour. So now as I leave the gates of St. Andrew's College once  
 and for all as a student, I will never forget to live life to its fullest as life is too short to waste!

Looking back on my six years at St. Andrews, I can say with full confidence that not a day went by that I did not get in trouble. Whether it be for skipping chapel, or denouncing advisory, my time at S.A.C. has been – to say the least – eventful. Having spent more Sundays here than the pope has in church, and more time in the office than Mr. Walden, there is little doubt the school is happy to finally graduate me. The lessons learned, the good times had, and even a portion of Mr. Kimmerer's hairline are all just a memory now as I wrap up my time here. I would like to thank my parents for the sizeable investment into my education, and future. I would like to thank my Sister, for guiding me through my high school career, and always being there for me. I would also like to thank Sandi Chasson, my advisor, who always had my back and always had a smile. Finally, to my favourite teachers: Mr. Tsioros, Mr. Robson, and Mr. Scoular. Your impact upon my time here will not be forgotten. To my friends, you made my time here bearable, and at many points, even enjoyable – best of luck to you all, and the rest of the class of 2006.

**BEN UDASHKIN**

St. Andrews College has been quite the journey for Mr. Williamson. I have certainly developed many new skills in the past two years that I would not have if I stayed at my old school. I have had challenging experiences at SAC and I would like to thank Mr. Staunton and Mr. Walden for there continuing support in my graduating year! I have met an incredible group of young men that showed me the ropes. All and all I wish every body in the class of 2006 the best of luck going forward. That's all folks.

**SPENCE WILLIAMSON**

Spence Williamson

Arriving at St. Andrew's in Grade 6, I felt that I wouldn't be able to last very long, keeping up with all the academic, athletic and extra-curricular opportunities the school offers. My career at this place has allowed me to learn how to manage my time, participate in all the opportunities offered, and become a well-rounded citizen. These qualities are not taught in your regular school. As a member of varsity baseball for 3 years, school soccer teams for 7, various other sports teams, President of the Community Service Council, Cadet Major and Deputy Cadet Commanding Officer in the cadet corps, and a 21 term scholar, I have been able to have a hand in every trait St. Andrew's promotes: heart, mind, body, and spirit. For the rest of my life, I will remember the 7 years that I have been here with all my friends, some who have gone and some who stayed until the end. There have been great times coupled with down times, but in the end the money that my parents have sacrificed so that I can be an Andrian was worth every penny.

**ARTHUR WONG**

Nicknames: Lun Yeung, Stoic, LY. Activities: Wind Ensemble 1<sup>st</sup> Clarinet Player, Varsity Squash M.I.P 2006, Vice President of Chinese Cultural Society, N.S.S President (National Sarcasm Society). My high school life has finally come to an end. Since grade 9, I have been hoping to get out of this boring school. However, as this time is getting closer, I am starting to feel regret about disliking this school. I will definitely miss everything in SAC. My life would have been so empty without main garden, kemachi, orchid thai, honba and quiznoz. I have to thank everyone of my teacher in SAC for teaching me important lessons in life. However, I have a favourite quote, "I don't study the chapter the night before the test, I LEARN the chapter the night before the test." This serious procrastination might sound stupid, but it always works for me, and maybe a few more Asians in the grade. The Jap Gang, Jun's common room, skipping classes gambling and all the grade 10 videos are things I will never forget. Thank you Mr. Inglis for giving me the biggest single room in the house. I have been trying my best to wake up for breakfast and chapel in the morning with 4 hours of sleep every night. Every year except grade 9 was happy, and I am definitely going to miss everything in SAC, except the dining hall.

**LEO YEUNG**

I remember when I first came to S.A.C. 4 years ago. I was freaked out because everything was new to me. I didn't know I was going to make 1<sup>st</sup> football team at that time but I made it in grade 11. I had a great time with all my teammates and coaches especially Mr. Shields. Also our 1<sup>st</sup> rugby team had lots of fun. The feeling was amazing when we won the CAIS title this year. I never got gold medal in my life before so imagine how excited I was. My four years of S.A.C life is done now but my heart and spirit is always here to cheer all Andrians. Go Saints!

**SUNG JUN YOON**

My years at S.A.C have been unbelievable. I can't believe that i've been here for 6 years. I've been through all the ups and downs possible and honestly never thought it would make this far. First off i would like to thank my parents for everything that they've had to endure with me over the 6 years. I would also like to thank a good friend of mine Mr. Bedard, who helped me get through my first 3 years as a boarding student and Mr. Ramon for the friendship i developed with him as my advisor for 5 years. I can't forget the people who really made my S.A.C career what it truly was, and that is all the fellas...thanks boys, its been a trip. Ross, G-Thomps, Hursty, Deanerr, Rudy, Ruppert, Anton, Spence, Bergman, Campbell, Ekers, Sherry, Zoratto, Igor, Kushbay, Leon, Big K, Wells, Whiteland, Seana Cole, all the parties and sesions wouldnt of been the same without you fellers.....

**CHRIS YOUNG**

By the time I am leaving this place that I have studied for three

**BANG LIANG ZHAO**

years, there are a lot of memories floating around in my mind. Within the 3 years, I made lots of friends, learnt to be more independent and mature. I also joined many sports that I did not even see back home. I gained a lot than I expected, and now becoming an all rounded man. I think I finished my goal here, but yet there is more to come as I am entering the university. And with everything I learnt in St. Andrew's, I am confident that I am ready for all challenges.

**Floor Captain: Matthew Eaton-Kent**

# Memorial House

**M**emorial House has lived up to it's reputation again this year by "unofficially" becoming the best house. The Perrier's ran the house by making every student feel at home and comfortable. The Memorial soccer team won the inter-house competition, which was not suprising because of all the athletes in the house. After leading the cadet parade forthe past several years, Memorial did not come up on top this year although all students and the Perriers gave it there all to be as they good they could be. The head of house Eric Cumming and assistant head of house BangLiang Zhao were always trying to organize house events such as going to buffets and movies. Any student in the house would have nothing but good things to say about the house. We will all look forward to Memorial house next year with the Perriers.

Assistant Head of House  
Ping Hsu

# Laidlaw House

**T**his year Laidlaw House - led by Logan Hurst and Ben Udashkin - continued its legacy and dominated many of the Clan Competitions, however, had trouble putting everything together when the real points were on the line. Needless to say it was a fun and enjoyable year for all members of the house. Highlights include Jared Kim's impressive Cross-Country victory and Platoon 11 receiving 'Best Platoon' honours in the cadet corps. Many house members got involved and participated in various events in order to advance Laidlaw in the clan standings. A special thanks goes out to all those who participated and were occasionally humiliated by the outrageous tasks they had to complete. It's quite easy to say that the humour and competitive spirit was enjoyed by all.

Although the Housser trophy may be just out of our grasp, our house can always take pride in knowing we are a lot less hack than Smith and Ramsey.

- Tyler King

# Ramsey House

RAMSEY '05-06

This year Ramsey house performed to it's full potential. Winning many events including the "Water Relay Race", which was brought to you by The Andrean Life Council. Going into the clan point submissions, Ramsey held the house lead by a few hundred points, but unfortunately lost out due to lack of submissions by a few members of the house. Next year, Ramsey is looking to win the House Championship, with Anthony D'Antonio as Head of House. Many thanks to Mr. Shields, our Housemaster, for always being there to check us in at chapel and other school events, and a special thanks to Adrian Bruno and Viren Ratnaswami, who were excellent Head's of House, organizing some great pizza parties and house barbeques!

DEMERIT!

## House Leadership...

Mr. Marcel Te Bokkel  
Housemaster

School Prefect

Blake Muir  
Head of House

Perice Cassidy  
School Prefect

Nick Leslie  
School HEAD Prefect

**T**he school theme for this year was tradition. Smith house has had a three year tradition of winning the Housser Trophy as best house and is a contender for a record fourth straight year. Through out the year, Smith has done it's part to build community, raise school spirit, and succeed academically.

Community events included organizing a house food drive in October and a food, clothing and dollar donations to the Yellow brick house at Christmas time.

Smith has shown school spirit through out the year beginning with winning the Cross Country run as a house, Mike McIntosh came 2nd overall. In the teacher three point competition Mr. Te Bokkel came first. We had house activities such as pizza lunches and BBQ's along with raffles during our house meetings.

Academically, Smith had the highest average two out of the three terms. The third term is still pending.

Special thanks to the Smith house council: Wes Tiller, Cleary, Raymond Tung, Scott Johnstone, Murray Kay, Taylor Brown, Nick Nikahn, Mike Ferguson, Nick Leslie, Pierce Cassidy, Vladie Lokshin (Assistant Head of House) and Blake Muir (Head of House).

# Outreach

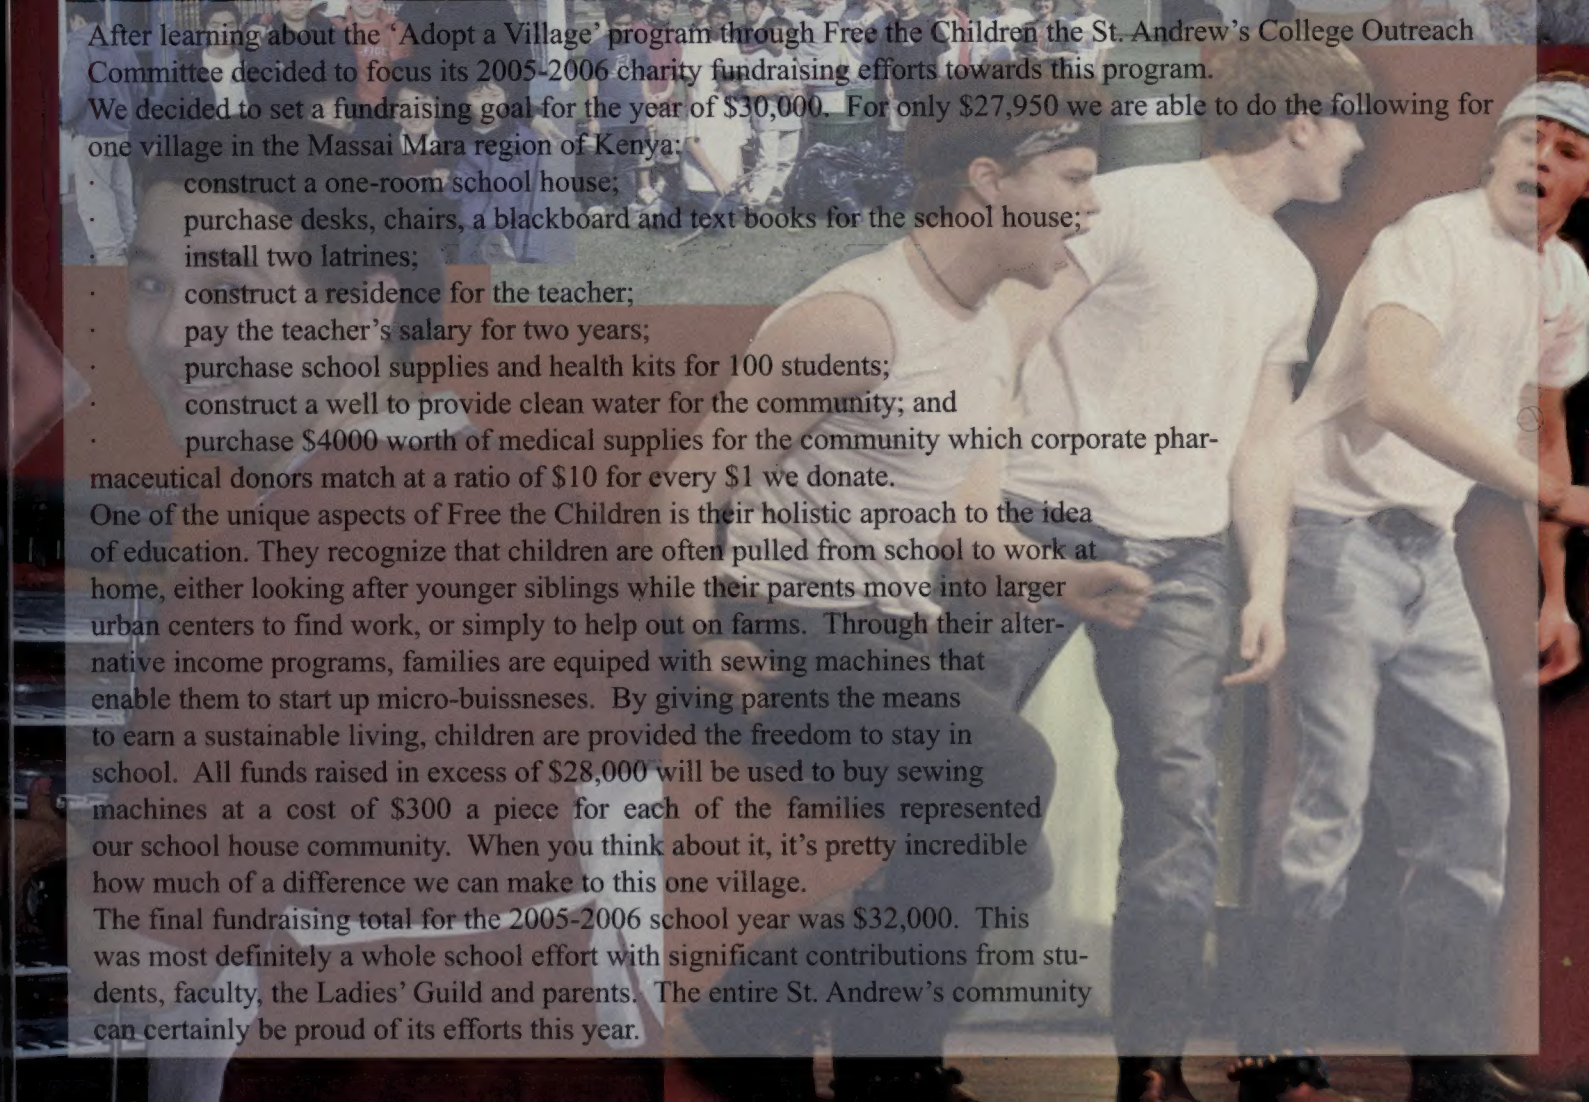

After learning about the 'Adopt a Village' program through Free the Children the St. Andrew's College Outreach Committee decided to focus its 2005-2006 charity fundraising efforts towards this program. We decided to set a fundraising goal for the year of \$30,000. For only \$27,950 we are able to do the following for one village in the Massai Mara region of Kenya:

- construct a one-room school house;
- purchase desks, chairs, a blackboard and text books for the school house;
- install two latrines;
- construct a residence for the teacher;
- pay the teacher's salary for two years;
- purchase school supplies and health kits for 100 students;
- construct a well to provide clean water for the community; and
- purchase \$4000 worth of medical supplies for the community which corporate pharmaceutical donors match at a ratio of \$10 for every \$1 we donate.

One of the unique aspects of Free the Children is their holistic approach to the idea of education. They recognize that children are often pulled from school to work at home, either looking after younger siblings while their parents move into larger urban centers to find work, or simply to help out on farms. Through their alternative income programs, families are equipped with sewing machines that enable them to start up micro-businesses. By giving parents the means to earn a sustainable living, children are provided the freedom to stay in school. All funds raised in excess of \$28,000 will be used to buy sewing machines at a cost of \$300 a piece for each of the families represented our school house community. When you think about it, it's pretty incredible how much of a difference we can make to this one village.

The final fundraising total for the 2005-2006 school year was \$32,000. This was most definitely a whole school effort with significant contributions from students, faculty, the Ladies' Guild and parents. The entire St. Andrew's community can certainly be proud of its efforts this year.

# DUKE OF EDINBURGH

**T**he Duke of Edinburgh's Award Young Canadians Challenge is an exciting self-development Program available to all young people, equipping them with life skills to make a difference to themselves, their communities and their country. There are currently over 30,000 young Canadians between the ages of 14-25 participating in the Award.

The Award is flexible and can be done by anyone aged 14-25 in their own time. The individual chooses what activities to do depending on his/her interests and resources.

There are three levels of the Award in which you can participate - Bronze, Silver and Gold, with each successive level demanding increased commitment.

**BRONZE**-for those over 14. The minimum period of participation to gain this Award is 6 months.

**SILVER**-for those over 15. The minimum period of participation to gain this Award is 12 months (or 6 months if you have completed Bronze);

**GOLD**-for those over 16. The minimum period of participation to gain this Award is 18 months (or 12 months if you have completed Silver).

The Duke of Edinburgh program is a great opportunity for young man across the country.

# MODEL UNITED NATIONS '06

This year's Model United Nations trip was a huge success. This year St. Andrew's College had received Morocco as their country. After months of preparation and planning, 14 students wrote essays into the late night and was ready to debate and have fun. St. Andrew's College headed to New York City to participate in this National event. This trip was only made possible by Mr. Courtnaey Shrimpton's careful planning and support. Once arriving the group was exhausted from an early 8:00am departure from Canada. However, the group's energy seemed to have suddenly returned after seeing the beautiful New York City. After a night of laughter and fun it was time to roll up the sleeves and get down to work.

The group of 14 boys were divided into groups. Most going to committees by themselves. In the whole simulation, somebody always seemed to know about Morocco. Whether it was the great reputation that Patrick Yan brought to his committee as a joker, or the reputation that Adel Ratansi brought to his group as the knowledgeable one, they always knew one of the members of the group. The simulation brought to the boys heated discussions, and fun times. In fact, many of the boys seemed to have so much fun, especially with the girls, that they forgot they were in a simulation of the UN.

During the simulation, the group meet every night and morning to go eat breakfast and dinner as a group. The group also went to the CNN Building, Seinfeld's Diner, Statue of Liberty, Wax Museum, Movies, ESPN sports zone, Canal Street, Empire State Building, Grand Central Train Station, New York public library and the United Nations Building. The group also went to see a Knicks game at Madison Square Garden. This was an amazing trip, for all of the members including the staff. Many would never forget this trip, nights of laughter and girls they meet. This trip is so popular, following a week getting back Patrick Yan, Adel Ratansi and Michael Stockermans have already starting planning for the Model UN trip next year!

-Patrick Yan, Adel Ratansi and Michael Stockermans  
(Leader's of Model UN '08)

# Christian Fellowship

This past year has been very enlightening for Graham Hynds, Tyler King (Co-leaders) and all the members of the Christian Fellowship. With many new faces the Fellowship has been steadily growing and continues to raise awareness of the benefits of following Christ and spreading His word. Hosting chapels on Tuesdays, carrying out the weekly bible studies or games nights, and the addition of the Big Bible Brothers program (B.B.B.) are just a few of the things we have proudly organised. As open Christians there are always struggles and temptations that we must deal with on a daily basis, having a open relationship with the other members of the Fellowship allows us to share stories and learn from others how to deal with difficult situations. We have also been able to increase our knowledge and faith by the close examination of various passages from the Bible. We look forward to seeing all of you at the end of year barbeque and again in September. Graham Hynds and Tyler King would also like to thank all of those brave individuals who have decided to openly follow Christ and participate in making this S.A.C. Christian Fellowship year memorable.

- Tyler King

The grade eights who will now be moving on to a high school experience have left us with many memorable moments. I can not tell you how proud I am of the Middle School Council, who under Mrs. D'Angelo's guidance were able to provide the student body with many new and exciting events on the school calendar. One of the most popular was the permanent introduction of Friday Celebration Assemblies.

- Mr. Ruscitti

# Valetes

## Arthur Wenk

Teaching at SAC has brought me opportunities that would have come in no other way, such as attending a week-long training session at the Choate-Rosemary Hall School prior to teaching AP Statistics for the first time; serving for three years as

a reader for the AP Statistics exam; and spending a week at the Math and Technology symposium at Phillips Exeter Academy. Teaching in a school committed to the implementation of information technology has motivated me not only to master the TI-83 calculator and the Geometers Sketchpad software but also to create an appreciable body of teaching materials in each of these areas. Serving among professionally active colleagues has encouraged me not only to attend professional meetings but to present papers there. The year I spent teaching AP Calculus brought some of the greatest intellectual challenges of my career. I have enjoyed working in an environment in which both teachers and students strive to produce their best efforts.

*Ave atque vale.*

# Diane Austin

Her love of teaching middle school history and making learning fun has made her classes a hit with students. She has made an impact in many aspects of school life. In particular, over the years she has coached many winning representative teams in badminton and volleyball and countless intramural teams and has served in both upper school and middle school residences. In addition, she has organized and led many clubs and activities including drama and many years as the advisor to the school yearbook, *The Review*. Small in stature yet great in spirit and enthusiasm while large in the history and fabric of St. Andrew's Andreans young and old will miss her. We thank her for her friendship, devotion and outstanding contribution to our school.

Diane has enjoyed a long and distinguished career at St. Andrew's College. Now that she has decided to retire after twenty seven years of dedicated and committed service to the school we will miss her energy and enthusiasm for all things Andrean. Joining the faculty in 1979 at a time when male teachers dominated Independent school classrooms, sports fields and residences she was not deterred by her youth and sex but was determined to bring about much needed change by providing the essential female counterpoint to boys' education. Although small in stature, she has loomed large in contributions to the academic excellence of our school. Diane's years of experience in the classroom, her knowledge of teaching methodologies, her innovations to curriculum and her leadership to many school committees, workshops and team meetings have won her the respect and admiration of colleagues.

# Prize Day

# Middle School Prize Day

Headmaster, Board Members, Invited Guests, Faculty, Parents, and perhaps most importantly on this special day, students of the Middle School.

It is a pleasure to welcome you to the 2005- 2006 Middle School Prize Day. It is great that we could have everyone join us for our final chapel service of the academic year. The Chapel service is one of the many unique experiences that separates St. Andrew's College from other independent schools. The Memorial Chapel begins many of our days with a special message and feeling that can affect our entire day. I would like to thank Rev. Roffey, Dr. Wenk, Mr. Butcher and Mr. Joiner for their contributions throughout the year.

On this Prize Day we gather to celebrate academic success and reflect on what learning means at St. Andrew's College. Many of the faculty seated here before you today, have taken great pains to stress to your young sons that learning is not something that ends when they leave Roger's Hall. It is an ongoing process and our job as educators is to model it for them. Today I would like to share with you the many lessons that your sons have taught me this past year. One of the first things I was able to learn this year, was from my good friend Mr. David Galadja. Mr. Galadja quite often when giving a speech to the student body at Athletic assemblies maintains the boys attention by rhyming off a top ten list. In honour of Mr. Galadja I would like to present you with my top ten things learned this year. Here goes:

1. The grade eight boys taught me that 2 does not equal 1. For example two wonderful overnight trips to the nation's capital in Ottawa and to far off Kettleby Valley Camp do not equal one non educational, dance with girls on a boat trip to Quebec City. Who ever would have thought that these two experiences did not equate.....
2. When you assemble 133 boys for an assembly they have an expiry time. That expiry time is precisely 32 minutes for grade 6's, 43 minutes for grade 7's and 50 minutes for grade 8's. When the expiry time is reached they are no longer in control of their limbs and anyone around them makes for a good drum.
3. No matter how late you think you stay up to help supervise a trip and ensure that the boys are safely to bed and asleep no adult can stay up as long as an adolescent boy, and as you will hear in some of their grad comments things do happen after midnight.
4. You can spend hours educating boys about nutrition, form special committees to study various nutritional meals for lunches, put out a smorgasbord fit for royalty, but in the end PIZZA and COKE is all they really want.
5. This past year we had over 22 grade sevens try out for the Middle School Council. During their speeches I learned many things. The most important one being what you will see next - COULD ALL THE GRADE 6's AND 7's please stand..... NOW SIT) You see....Mathew Mardini taught me that to make a speech successful you must move your audience. Today, just as Mathew did, I have accomplished that.

6. There are many unique and special experiences that being a border at St. Andrew's College offers. One of the greatest, is the chance to develop strong friendships with boys from different countries. You get a chance to learn their culture and their language. For example SI TU ESCOUCHES A LOS NIÑOS DE MEXICO HABLAR, TU APRENDES MUCHAS PARABLAS, PERO LAS PARABLAS SE KUEDAN EN ELLE PATIO DE RECREO and learning these foreign languages makes us think we are smarter. For example when the Korean boys walk by Mr. Galadja in the morning and say "MR. GALADJA NUN / KAKUM / SHIRISU RUR / HETA. They are not saying good morning how do you do sir

7. Even when on the last rehearsal before Carol Service the grade 6 boys are asking "What is this and what are we supposed to sing?" there is no need to panic. In true Andrean form, when the curtain goes up, they will rise to the moment.

8. The Under 13 soccer team taught me that desire, passion, and courage quite often overcome superior talent. The Under 14 rugby team taught me that those three characteristics mixed with great coaching and team play will always beat any other combination of talent everyday.

9. When you are helping boys discover their maximum talents, setting minimum standards for them to achieve will allow an educator to witness some of the most unbelievably talented and complex works created. Thankfully I was able to witness this time after time this year as I saw an innumerable number of exceptional projects.

10. Finally this year I learned, rather had confirmed, that the individuals that sit before you today, the Faculty, the members of the leadership team, the Headmaster Mr. Staunton, and the members of the Board of Governors, are the greatest team formed to help your sons achieve their full potential in perhaps the most beautiful setting in North America. The faculty are tireless in their dedication and commitment to educating and caring for your sons. For this I am truly thankful.

As is evident I was very fortunate this year to be able to learn many things. Although today marks the last official academic day of the school year, I know I will continue to grow as an educator because each and every day I learn new things from the boys of the Middle School.

This year had many highlights. Each year we welcome a large number of boys into grade 6 and 7. This year as in year's past the grade 6's arrived on campus in the late summer, early fall and were absolutely lost. It was not uncommon to hear in the halls "Where do we go? What is your name? Where is the gallery? Did you see how big he is, he can't be in Middle School?" Sure enough things get sorted and Mrs. Berman and the grade 6 team consisting of Ms. Pele, Mr. Lewis, and Mrs. Rose-Donahoe bring the boys together and lead them to the land of discovery. This year the grade 6's acclimatized quite quickly. By the time our first dance arrived the grade 6 boys were raring to go; ready to dance with any and every girl that would even just say hello to them. Well the doors opened and the girls poured in, almost immediately the grade 6 boys poured out. Once they had a chance to collect themselves they entered back into the gym calm and collected and focused on the task at hand, dancing with a girl. After two hours of walking around the gym in a circular track, wearing down the wax in a very defined pattern many finally worked up the nerve to ask a girl to dance and success was had at the greatest dance ever.

The grade seven class were able this year to experience growth in overcoming personal challenges that they set out for themselves. The grade seven team of Mr. Richardson, Mr. Kowaltchuck, Ms. Derwin led by Mrs. Perrier spent a great deal of time helping the boys grow closer as a group. They reached beyond their comfort zone during their trip to Haliburton Forest on our 'Beyond the Gates' week. They followed this up with many activities back on campus that focused on team building and concluded with a trip to Rock n' Chalk where several of the boys were said to be SpiderMan like.

The grade eights who will now be moving on to a high school experience have left us with many memorable moments. I can not tell you how proud I am of the Middle School Council, who under Mrs. D'Angelo's guidance were able to provide the student body with many new and exciting events on the school calendar. One of the most popular was the permanent introduction of Friday Celebration Assemblies. During these assemblies our man on the mike, Andrew Pitkin, would help the middle school celebrate the achievements of various students every other week. I do not think we will soon find a replacement for PITS as he was unflappable at the lead. Many times the crowd would explode into unprovoked applause simply because PITS was at the helm.

This year saw the introduction of a grade eight shadow day. This provided the boys in grade eight a opportunity to tour around the upper school with an old boy from the middle school. The plan was to excite the boy's about the possibilities that lay ahead for them and perhaps have them realize the academic rigour that would be required the next year. Well, Mr. McHenry I am sad to report that only half the plan worked. They are indeed very excited about what the upper school has to offer but they all guaranteed scholar status next year as they said nothing is as tough as Mr. Kyle's English or Mrs. Ramon's History or Ms. Ossenkopp's math. This is a group of young boys who have a lot to be proud of and in their grad comments coming up shortly, you will hear about many of the individual achievements that they have accomplished.

Last year, Mr. David Stewart, gave a chapel speech that referred to the dreaded hooded Zhang, and passing into the Kingdom of Stewart. Well there certainly is no Kingdom of Stewart, thankfully really, but there is a next step. Today I say to you grade eights "THAT NEXT STEP IS NOW, YOU ENTERED THE MIDDLE SCHOOL AS BOYS BUT YOU LEAVE FOR THE UPPER SCHOOL AS YOUNG MEN. REMEMBER WHAT YOU HAVE LEARNED HERE AND CONTINUE TO BE GOOD CITIZENS. BEST OF LUCK AND NEVER FORGET THAT YOU ARE ALWAYS AN ANDREAN WHEREVER YOU GO AND THAT SPIRIT OF COMMUNITY WILL NOT LEAVE YOU. I HOPE THAT YOU WILL HAVE MANY FOND MEMORIES OF YOUR TIME IN THE MIDDLE SCHOOL AND I WISH YOU MUCH SUCCESS IN YOUR FUTURE PURSUITS.

Thank you very much.

Mr. Michael Ruscitti  
Acting Head of Middle School

# Middle School Prize Day Awards

## Grade 6 Prizes:

### Academic Merit Awards:

Kyle Barber PIN, Sean Smith

### Students with an overall average of 80% or greater.

Kelsey Boland

### The Honours Awards:

Alex Brown, Spencer Brown, Tanner Creel, Borna Kalantar, Terry Lee, Daniel Milne,

91.1 Zachary Seto (2nd)

92.2 Justin Moryto (1st)

Zachary Seto

*SPECIAL SCHOOL PRIZES*

**Middle School Reading Prize** □ Awarded to a student in Grades 6, 7, or 8 who has read the greatest number of books in the Middle School School Reading Program during the school year. This award is a collaborative initiative between the Towers Library and Middle School academic program to promote and support literacy among our students and to encourage students to become life long readers.

Harry Hall

**Thomas A. Hockin Trophy for Middle School Clan Competition** □ Presented to the Middle School clan that has acquired the most clan points amongst its members.

Bruce Clan

Captains: Nico Fattore  
Hilmond Hui  
Michael Zhan

**The Rupert Ray Middle School Public Speaking Competition** □ To recognize the winner of our annual Middle School public speaking contest. In honour of Mr. Ray, a teacher from 1966 to 2001, who gave his time and talent to developing debating and public speaking at St. Andrew's.

William Egi

**The Brian R. Mitchell Award** □ For proficiency in Junior Debating. Mr. Mitchell was the school's top debater in his graduating class of 1977.

Kashtin Fitzsimons

**The Robert W. Meagher Language Arts Award** □ To the student of the Middle School whose first language is neither English nor French and who makes outstanding progress in either of Canada's official languages.

Tommy Kim

**Community Service Prize** □ Presented to the Middle School student who best served in community-oriented activities.

Kent Leslie

**The Colonel Tilston Award** □ To honour the students who, in the opinion of the faculty, have set the best example in their class for effort, persistency and tenacity in their studies and in all other school activities. Colonel Frederick A. Tilston merited The Victoria Cross, the highest military honour of the British Commonwealth, for his "courage under fire" on March 1st, 1945.

Borna Kalantar  
Samson Roberts-Aasen  
Jordan Slaman

**The Roy H.M. Lowndes Prize** □ To the student in grade 8 who best excels in studies, games, deportment and character. Mr. Lowndes was a student here from 1906 to 1912 and was a dedicated member of the Andrean community.

Andrew Pitkin
